

Chairpersons Report AGM 29, 3, 2017

The Pre School has had a hugely positive year, the numbers attending the school have been excellent to the point that we are full on many sessions and the provision and education continues at an outstanding level at all age groups.

I would like to congratulate and thank all the staff for everything they do for the good of the pre-school and the young children who attend. The addition of 2 year olds has been embedded and the preparation that children have to start school life is amazing to see.

The staff have been led fantastically well once again by Ann, who has been supported by Jackie very well. The children are at the centre of everything they do which makes the pre school such a wonderful place for the young children.

I would like to thank all of the committee members, new people, existing members and people who have freely given up their time to the committee but have now moved onto other things. The addition of Diana Morrison to the committee as Vice Chairperson has been excellent as her knowledge and skill set will help the pre school lay the foundations for the future.

As the pre school moves forward we will look to forge external links with other organisations to secure the long term future of the organisation, I know the committee take this responsibility very seriously and once again have the children at heart when exploring these avenues.

I would like to acknowledge Debbie for her endless work and passion she does in the administrator role, she goes above and beyond for the good of the pre-school and her passion for the children to have the best experience is fantastic

Finally, a special mention to Toni, who has done a wonderful job as secretary over many years. She is finally stepping down from this role, but her dedication to the

development of the pre school has played a huge role for where it is today. Many thanks from all of us.

Robert Swindells
