Willaston Pre-school's Early Years Prospectus for Parents

St Johns Methodist Church Hall, Wybunbury Rd, Willaston, CW5 7JF

Tel: 01270 567431 Email: willastonpreschool@gmail.com

Welcome to Willaston Pre-school and thank you for registering your child with us. We know how important your child is and aim to deliver the highest quality of care and education to help them to achieve their best.

This prospectus aims to provide you with an introduction to Willaston Pre-school, our routines, our approach to supporting your child's learning and development and how we aim to work together with you to best meet your child's individual needs. This should be read alongside our Childcare Terms and Conditions for a full description of our services.

Our setting aims to:

- provide high quality care and education for children below statutory school age;
- work in partnership with parents to help children to learn and develop;
- add to the life and well-being of the local community; and
- offer children and their parents a service that promotes equality and values diversity.

Parents

You are regarded as members of our setting who have full participatory rights. These include a right to be:

- valued and respected;
- kept informed;
- consulted;
- involved; and
- included at all levels.

As a voluntary managed setting, we also depend on the good will of parents and their involvement to keep going. Membership of the setting carries expectations on you for your support and commitment.

Children's development and learning

We aim to ensure that each child:

- is in a safe and stimulating environment;
- is given generous care and attention, because of our ratio of qualified staff to children, as well as volunteer helpers;
- has the chance to join in with other children and adults to live, play, work and learn together;
- is helped to take forward her/his learning and development by being helped to build on what she/he already knows and can do;
- has a personal key person who makes sure each child makes satisfying progress;
- is in a setting that sees parents as partners in helping each child to learn and develop; and
- is in a setting in which parents help to shape the service it offers.

The Early Years Foundation Stage

Provision for the development and learning of children from birth to 5 years is guided by the Early Years Foundation Stage. our provision reflects the four overarching principles of the *Statutory Framework for the Early Years Foundation Stage* (DfE 2014):

- *A Unique Child*
Every child is a unique child who is constantly learning and can be resilient, capable, confident and self-assured.
- *Positive Relationships*
Children learn to be strong and independent through positive relationships.
- *Enabling Environments*
Children learn and develop well in enabling environments, in which their experiences respond to their individual needs and there is a strong partnership between practitioners, parents and carers.

- *Learning and Development*

Children develop and learn in different ways and at different rates. The framework covers the education and care of all children in early years provision including children with special educational needs and disabilities.

How we provide for development and learning

Children start to learn about the world around them from the moment they are born. The care and education offered by our setting helps children to continue to do this by providing all of the children with interesting activities that are appropriate for their age and stage of development.

The Areas of Development and Learning comprise:

- *Prime Areas*
 - Personal, social and emotional development.
 - Physical development.
 - Communication and language.
- *Specific Areas*
 - Literacy.
 - Mathematics.
 - Understanding the world.
 - Expressive arts and design.

For each area, the level of progress that children are expected to have attained by the end of the Early Years Foundation Stage is defined by the Early Learning Goals. These goals state what it is expected that children will know, and be able to do, by the end of the reception year of their education.

The *Early Years Outcomes* (DfE 2013) guidance sets out the likely stages of progress a child makes along their progress towards the Early Learning Goals. Our setting has regard to these when we assess children and plan for their learning. our programme supports children to develop the knowledge, skills and understanding they need for:

Personal, social and emotional development

- making relationships;

- self-confidence and self-awareness; and
- managing feelings and behaviour.

Physical development

- moving and handling; and
- health and self-care.

Communication and language

- listening and attention;
- understanding; and
- speaking.

Literacy

- reading; and
- writing.

Mathematics

- numbers; and
- shape, space and measure.

Understanding the world

- people and communities;
- the world; and
- technology.

Expressive arts and design

- exploring and using media and materials; and
- being imaginative.

Our approach to learning and development and assessment

Learning through play

Being active and playing supports young children's learning and development through doing and talking. This is how children learn to think about and understand the world around them. We use the EYFS statutory guidance on education programmes to plan and provide opportunities which will help children to make progress in all areas of learning. This programme is made up of a mixture of activities that children plan and organise for themselves and activities planned and led by practitioners.

Characteristics of effective learning

We understand that all children engage with other people and their environment through the characteristics of effective learning that are described in the Early Years Foundation Stage as:

- playing and exploring - engagement;
- active learning - motivation; and
- creating and thinking critically – making links

We aim to provide a learning environment that allows for a wide range of learning styles and encourage children, through questioning and support, to practise and develop effective learning in all areas.

Assessment

We assess how young children are learning and developing by observing them frequently. We use information that we gain from observations, as well as from photographs or videos of the children, to document their progress and influence our planning. We believe that parents know their children best and we will ask you to contribute to assessment by sharing information about what your child likes to do at home and how you, as parents, are supporting development.

We make periodic assessment summaries of children's achievement based on our on-going development records. These form part of children's records of achievement. We undertake these

assessment summaries at regular intervals, as well as times of transition, such as when a child moves into a different group or when they go on to school.

The progress check at age two

The Early Years Foundation Stage requires that we supply parents and carers with a short written summary of their child's development in the three prime areas of learning and development - personal, social and emotional development; physical development; and communication and language - when a child is aged between 24 - 36 months. Your child's key person is responsible for completing the check using information from on-going observational assessments carried out as part of our everyday practice, taking account of the views and contributions of parents and other professionals.

Records of achievement

We keep a learning journey profile for each child. Your child's profile helps us to celebrate together her/his achievements and to work together to provide what your child needs for her/his well-being and to make progress.

Your child's key person will work in partnership with you to keep this record. To do this you and she/he will collect information about your child's needs, activities, interests and achievements. This information will enable the key person to identify your child's stage of progress. Together, we will then decide on how to help your child to move on to the next stage.

Working together for your children

We maintain the ratio of adults to children in the setting that is set by the Safeguarding and Welfare Requirements. We also have volunteer parent helpers, where possible, to complement these ratios.

This helps us/me to:

- give time and attention to each child;
- talk with the children about their interests and activities;
- help children to experience and benefit from the activities we provide; and
- allow the children to explore and be adventurous in safety.

The staff who work at our setting are:

---------------	-----------------------------	---

We are open for 38 weeks each year.

We are closed 14 weeks each year

We are open for 5 days each week (from September 2017)

The times we are open are 8.30am to 3pm

We provide care and education for young children between the ages of:

2 and 5 Years

How parents take part in the setting

Our setting recognises parents as the first and most important educators of their children. All of our staff see themselves as partners with parents in providing care and education for their children.

There are many ways in which parents take part in making our setting a welcoming and stimulating place for children and parents, such as:

- exchanging knowledge about their children's needs, activities, interests and progress with our staff;
- contributing to the progress check at age two;
- helping at sessions of the setting;
- sharing their own special interests and skills with the children;
- helping to provide and look after the equipment and materials used in the children's play activities;
- being part of the management of the setting where appropriate;

- taking part in events and informal discussions about the activities and curriculum provided by the setting;
- joining in community activities, in which the setting takes part; and
- building friendships with other parents in the setting.
- we welcome parents to drop into the setting to see it at work or to speak with the staff

Key person and your child

Our setting uses a key person approach. This means that each member of staff has a group of children for whom she/he is particularly responsible. Your child's key person will be the person who works with you to make sure that the childcare that we provide is right for your child's particular needs and interests. When your child first starts at the setting, she/he will help your child to settle and throughout your child's time at the setting, she/he will help your child to benefit from our activities.

Learning opportunities for adults

As well as gaining childcare qualifications, our staff take part in further training to help them to keep up-to date with thinking about early years care and education. We also keep up-to-date with best practice, as a member of the Pre-school Learning Alliance, through *Under 5* magazine and other publications produced by the Alliance.

The setting's timetable and routines

Our setting believes that care and education are equally important in the experience which we offer children. The routines and activities that make up the day in our setting are provided in ways that:

- help each child to feel that she/he is a valued member of the setting;
- ensure the safety of each child;
- help children to gain from the social experience of being part of a group; and
- provide children with opportunities to learn and help them to value learning.

The session

We organise our sessions so that the children can choose from, and work at, a range of activities and, in doing so, build up their ability to select and work through a task to its completion. The children are also helped and encouraged to take part in adult-led small and large group activities,

which introduce them to new experiences and help them to gain new skills, as well as helping them to learn to work with others. Outdoor activities contribute to children's health, their physical development and their knowledge of the world around them. The children have the opportunity, and are encouraged, to take part in outdoor child-chosen and adult-led activities, as well as those provided in the indoor playrooms.

Snacks and meals

We make snacks and meals a social time at which children and adults eat together. We plan the menus for snacks and meals so that they provide the children with healthy and nutritious food. Please tell us about your child's dietary needs and we will plan accordingly. A list of our snack food with associated allergens is available from our website.

Clothing

We provide protective clothing for the children when they play with messy activities. We encourage children to gain the skills that help them to be independent and look after themselves. These include taking themselves to the toilet and taking off, and putting on, outdoor clothes. Clothing that is easy for them to manage will help them to do this.

Policies

Our staff can explain our policies and procedures to you. Copies of which are available in the main hall and on our website.

Our policies help us to make sure that the service provided by our setting is a high quality one and that being a member of the setting is an enjoyable and beneficial experience for each child and her/his parents.

Our staff and parents work together to adopt the policies and they all have the opportunity to take part in the annual review of the policies. This review helps us to make sure that the policies are enabling our setting to provide a quality service for its members and the local community.

Information we hold about you and your child

We have procedures in place for the recording and sharing of information [data] about you and your child that is compliant with the principles of the General Data Protection Regulations (2018) as follows:

The data we collect is

1. Processed fairly, lawfully and in a transparent manner in relation to the data subject [you and your family]
2. Collected for specified, explicit and legitimate purposes and not further processed for other purposes incompatible with those purposes.
3. Adequate, relevant and limited to what is necessary in relation to the purposes for which data is processed.
4. Accurate and, where necessary, kept up to date.
5. Kept in a form that permits identification of data subjects [you and your family] for no longer than is necessary for the purposes for which the personal data is processed.
6. Processed in a way that ensures appropriate security of the personal data including protection against unauthorised or unlawful processing and against accidental loss, destruction or damage, using appropriate technical or organisational measures.

When you register your child with us we will provide you with a privacy notice that gives you further details of how we fulfil our obligations with regard to your data.

Safeguarding children (See separate policy for more information)

Our setting has a duty under the law to help safeguard children against suspected or actual 'significant harm'. Our employment practices ensure children against the likelihood of abuse in our setting and we have a procedure for managing complaints or allegations against a member of staff.

Our way of working with children and their parents ensures that we are aware of any problems that may emerge and can offer support, including referral to appropriate agencies when necessary, to help families in difficulty.

Special needs (See SEND policy for more information)

To make sure that our provision meets the needs of each individual child, we take account of any special needs a child may have. we work to the requirements of the Special Educational Needs and Disability Code of Practice: 0 to 25 years (2015).

Our Special Educational Needs Co-ordinator is

Jacqueline Piaf & Caryl Freeman (Deputy SENCO)

The management of our setting

Our setting is a charity and as such is managed by a volunteer management committee - whose members are elected by the parents of the children who attend our setting. The elections take place at our Annual General Meeting. The committee make up the registered person with Ofsted and are responsible for:

- managing our finances;
- employing and managing our staff;
- making sure that we have, and work to, policies that help us to provide a high quality service;
- and
- making sure that we work in partnership with parents.

The Annual General Meeting is open to the parents of all of the children who attend our setting. It is our shared forum for looking back over the previous year's activities and shaping the coming year's plan.

Fees

The fees are advertised on our website and payable half-termly in advance by the date shown on the invoice. Fees must still be paid if children are absent without notice for a short period of time. If your child has to be absent over a long period of time, talk to our administrator.

For your child to keep her/his place at our setting, you must pay the fees. We are in receipt of nursery education funding for two, three and four year olds; where funding is not received, then fees apply.

Starting at our setting

The first days

We want your child to feel happy and safe with us. To make sure that this is the case our staff will work with you to decide on how to help your child to settle into the setting. Our policy on the Role of the Key Person and Settling-in is enclosed with this prospectus, or is available from our manager.

We hope that you and your child enjoy being members of our setting and that you both find taking part in our activities interesting and stimulating. Our staff are always ready and willing to talk with you about your ideas, views or questions.

Admissions

Policy statement

It is our intention to make our setting accessible to children and families from all sections of the local community. We aim to ensure that all sections of our community have access to the setting through open, fair and clearly communicated procedures.

Procedures

- We ensure that the existence of our setting is widely advertised in places accessible to all sections of the community.
- We ensure that information about our setting is accessible, using simple plain English, in written and spoken form and, where appropriate, provided in different community languages and in other formats on request.
- We arrange our waiting list in birth order. In addition, our policy may take into account:
 - the age of the child, with priority given to children who are eligible for the free entitlement – including eligible two year old children;
 - the length of time on the waiting list;
 - the vicinity of the home to the setting;
 - whether any siblings already attend the setting; and
 - the capacity of the setting to meet the individual needs of the child.
- We offer funded places in accordance with Cheshire East Free Early Education Entitlement (FEEE) and any local conditions in place at the time.
- We keep a place vacant, if this is financially viable, to accommodate an emergency admission.
- Our setting and its practices are welcoming and make it clear that fathers, mothers, other relations and carers are all welcome.
- Our setting and its practices operate in a way that encourages positive regard for and understanding of difference and ability - whether gender, family structure, class, background, religion, ethnicity or competence in spoken English.
- We support children and/or parents with disabilities to take full part in all activities within our setting.
- We monitor the needs and background of children joining our setting on the Registration Form, to ensure that no accidental or unintentional discrimination is taking place.
- We share and widely promote our Valuing Diversity and Promoting Equality Policy.

- We consult with families about the opening times of our setting to ensure that we accommodate a broad range of families' needs.
- We are flexible about attendance patterns to accommodate the needs of individual children and families, providing these do not disrupt the pattern of continuity in the setting that provides stability for all the children.
- Failure to comply with the terms and conditions may ultimately result in the provision of a place being withdrawn.

The role of the key person and settling-in

Policy statement

We believe that children settle best when they have a key person to relate to, who knows them and their parents well, and who can meet their individual needs. Research shows that a key person approach benefits the child, the parents, the staff and the setting by providing secure relationships in which children thrive, parents have confidence, our staff are committed and the setting is a happy and dedicated place to attend or work in.

We want children to feel safe, stimulated and happy in the setting and to feel secure and comfortable with our staff. We also want parents to have confidence in both their children's well-being and their role as active partners with our setting. We aim to make our setting a welcoming place where children settle quickly and easily because consideration has been given to the individual needs and circumstances of children and their families.

The key person role is set out in the Safeguarding and Welfare Requirements of the Early Years Foundation Stage. Each child must have a key person. These procedures set out a model for developing a key person approach that promotes effective and positive relationships for children.

Procedures

- We allocate a key person before the child starts.
- The key person is responsible for:
 - Providing an induction for the family and for settling the child into our setting.
 - Completing relevant forms with parents including consent forms
 - Explaining our policies and procedures to parents with particular focus on policies such as safeguarding and our responsibilities under the Prevent duty
 - Offering unconditional regard for the child and being non-judgemental.
 - Working with the parents to plan and deliver a personalised plan for the child's well-being, care and learning and acting as the key contact for the parents.
 - Developmental records and for sharing information on a regular basis with the child's parents to keep those records up-to-date, reflecting the full picture of the child in our setting and at home.
 - Having links with other carers involved with the child and co-ordinating the sharing of appropriate information about the child's development with those carers.
 - Encouraging positive relationships between children in her/his key group, spending time with them as a group each day.

- We promote the role of the key person as the child's primary carer in our setting, and as the basis for establishing relationships with other adults and children.

Settling-in

- Before a child starts to attend our setting, we use a variety of ways to provide his/her parents with information. These include written information (including our prospectus and policies), displays about activities available within the setting, parents evenings and visit days.
- During the half-term before a child is enrolled, we provide opportunities for the child and his/her parents to visit the setting.
- The key person welcomes and looks after the child and his/her parents at the child's first session and during the settling-in process.
- We use pre-start visits and the first session at which a child attends to explain and complete, with his/her parents, the child's registration records.
- When a child starts to attend, we explain the process of settling-in with his/her parents and jointly decide on the best way to help the child to settle into the setting.
- We have an expectation that the parent, carer or close relative, will stay for most of the session during the first week, gradually taking time away from their child; increasing this time as and when the child is able to cope.
- Younger children will take longer to settle in, as will children who have not previously spent time away from home. Children who have had a period of absence may also need their parent to be on hand to re-settle them.
- We judge a child to be settled when they have formed a relationship with their key person; for example, the child looks for the key person when he/she arrives, goes to them for comfort, and seems pleased to be with them. The child is also familiar with where things are and is pleased to see other children and participate in activities.
- When parents leave, we ask them to say goodbye to their child and explain that they will be coming back, and when.
- We recognise that some children will settle more readily than others, but that some children who appear to settle rapidly are not ready to be left. We expect that the parent will honour the commitment to stay for at least the first week, or possibly longer, until their child can stay happily without them.
- We do not believe that leaving a child to cry will help them to settle any quicker. We believe that a child's distress will prevent them from learning and gaining the best from the setting.
- We reserve the right not to accept a child into the setting without a parent or carer if the child finds it distressing to be left. This is especially the case with very young children.

- Within the first four to six weeks of starting, we discuss and work with the child's parents to begin to create their child's record of achievement.

The progress check at age two

- The key person carries out the progress check at age two in accordance with any local procedures that are in place and referring to the guidance *A Know How Guide: The EYFS progress check at age two*.
- The progress check aims to review the child's development and ensures that parents have a clear picture of their child's development.
- Within the progress check, the key person will note areas where the child is progressing well and identify areas where progress is less than expected.
- The progress check will describe the actions that will be taken by us to address any developmental concerns (including working with other professionals where appropriate) as agreed with the parent(s).
- The key person will plan activities to meet the child's needs within the setting and will support parents to understand the child's needs in order to enhance their development at home.

Covid 19 considerations

During the COVID-19 outbreak it is likely that some children will not have their usual key person. Where this is the case, the principles of the key person role are followed as closely as possible. Any temporary staff must be trained to proficiently and safely administer medication and medical procedures for individual children. They must also adhere to the guidelines and procedures on caring for the individual needs of children with SEND, as detailed in their Health Care Plans. *8.4a Prioritised Place Risk Assessment* should be used to identify any risks that may be incurred due to a change in key person for such children.

Staffing

Policy statement

We provide a staffing ratio in line with the Safeguarding and Welfare Requirements of the Early Years Foundation Stage to ensure that children have sufficient individual attention and to guarantee care and education of a high quality. Our staff are appropriately qualified and we carry out checks for enhanced criminal records and barred list checks through the Disclosure and Barring Service in accordance with statutory requirements.

Procedures

To meet this aim we use the following ratios of adult to children:

- Children under two years of age: 1 adult : 3 children:
 - at least one member of staff holds a full and relevant level 3 qualification and is suitably experienced in working with children under two;
 - at least half of all other staff hold a full and relevant level 2 qualification;
 - at least half of all staff have received training that specifically addresses the care of babies; and
 - where there is an under two-year-olds' room, the member of staff in charge of that room has suitable experience of working with under twos.
- Children aged two years: 1 adult : 4 children:
 - at least one member of staff holds a full and relevant level 3 qualification; and
 - at least half of all other staff hold a full and relevant level 2 qualification.
- Children aged three years and over: 1 adult : 8 children:
 - at least one member of staff holds a full and relevant level 3 qualification; and
 - at least half of all other staff hold a full and relevant level 2 qualification.
- We follow the Early Years Foundation Stage Safeguarding and Welfare Requirements where a Qualified Teacher, Early Years Professional or other suitable level 6 qualified person is working directly with children aged three and over as follows:
 - there is at least one member of staff for every 13 children; and
 - at least one other member of staff holds a full and relevant level 3 qualification.
- The number of children for each key person takes into account the individual needs of the children and the capacity of the individual key person to manage their cohort.
- We only include those aged 17 years or older within our ratios where they are competent and responsible. We may also include students on long-term placements and volunteers (aged 17 or over) and apprentices (aged 16 or over), where we deem them to be suitably qualified and experienced.

- A minimum of two staff/adults are on duty at any one time; one of whom is either our manager or deputy.
- Our manager deploys our staff, students and volunteers to give adequate supervision of indoor and outdoor areas, ensuring that children are usually within sight and hearing of staff, and always within sight *or* hearing of staff at all times.
- All staff are deployed according to the needs of the setting and the children attending.
- Our staff, students and volunteers inform their colleagues if they have to leave their area and tell colleagues where they are going.
- Our staff, students and volunteers focus their attention on children at all times and do not spend time in social conversation with colleagues while they are working with children.
- We assign each child a key person to help the child become familiar with the setting from the outset and to ensure that each child has a named member of staff with whom to form a relationship. The key person plans with parents for the child's well-being and development in the setting. The key person meets regularly with the family for discussion and consultation on their child's progress and offers support in guiding their development at home.
- We hold regular staff meetings to undertake curriculum planning and to discuss children's progress, their achievements and any difficulties that may arise from time to time.

Covid 19 considerations

During the COVID-19 outbreak, staff will be deployed as per the government guidance. A risk assessment for working with prioritised places is included (8.4a). Relaxation of the rules on ratios may be implemented only in exceptional circumstances, and only during the COVID-19 outbreak period. Any relaxation of ratios must be based on a risk assessment approach and with the authorisation of the manager. Otherwise the following procedure applies.

During the COVID-19 outbreak early years staff are themselves considered to be 'key workers'. If staff cannot source care for their own children then they are able to bring their child to the setting, ensuring that as far as possible, they adhere to the criteria below and ensure they are not breaching conditions of their insurance provider:

- where members of staff have their own children with them at the setting, the age of the child must fall within the stipulated ages of the setting's Ofsted registration
- where members of staff are likely to be working directly with their own children, this is subject to discussion before commencement with their line manager

Further information

- The New Early Years Employee Handbook (Pre-school Learning Alliance 2019)
- Recruiting Early Years Staff (Pre-school Learning Alliance 2016)
- People Management in the Early Years (Pre-school Learning Alliance 2016)

Code of Conduct for Staff and Other Adults working in the Pre-school

All staff and other adults within the Pre-school are in a position of trust and therefore owe a duty of care to the children for whom they are responsible. They are required to:-

- Treat all children equally, fairly and with respect.
- Speak to every child in a warm and caring manner.
- Never shout at a child unless they are in imminent danger of hurting themselves or others.
- Speak professionally to colleagues at all times.
- Engage every child in purposeful, developmentally appropriate play activities which follow their interests.
- Set a good example to children and adults in manner, appearance and attitude.
- Report incidents and concerns immediately.
- Not use personal mobile phones in the vicinity of the children.
- Ensure areas are supervised appropriately.
- Ensure they are not left alone with children or out of sight/hearing of another adult.
- Make sure they are aware of the Safeguarding Children Policy and Procedures and report any concerns appropriately.
- Be aware of confidentiality and information sharing policies. We respect Parents rights to privacy and confidentiality. We will not share information unless we have parental permission or it is necessary in order to protect the child.

All staff and adults within the Pre-school must **refrain** from

- Smacking, hitting or slapping children.
- Showing favouritism.

Physical Contact

There may be times when physical contact is necessary for example;-

- To reassure a child.
- Help a child to use apparatus or other play equipment.

Physical restraint falls into three categories:-

1. Action is necessary in self-defence or because there is an imminent risk of injury.
2. There is a developing risk of injury or significant damage to property.

3. A child is behaving in a way that is compromising good order and discipline.

Examples of this are;-

- Children are fighting.
- A child is engaged in deliberate vandalism.
- A child is causing or at risk of causing, injury or damage by accident or rough play or by misuse of dangerous materials or objects.
- A child is running in an area which is inappropriate and might injure themselves or others.
- A child attempts to abscond from a designated safe area.

Reasonable Force

Physical intervention can take many forms such as;-

- Physically interposing between children.
- Blocking a child's path.
- Holding.
- Pushing.
- Leading a child by the hand or arm.
- Shepherding a child away by placing a hand in the centre of the back.
- In exceptional circumstances a member of staff may need to use any necessary action to avoid an immediate risk or injury for example to prevent a child from hitting someone or throwing something or preventing a child from running off the pavement.

This document refers to the requirement of the Children Act 1989, Section 550A of the Education Act 1996, DfEE Circular 10/98 and the Conditions of Employment of School Teachers.

Code of Conduct for Parents/Carers

Willaston Pre-school is committed to working with parents positively, openly and honestly and to treat all parents with dignity and courtesy. In order to develop and maintain positive relationships between staff and parents/carers for the benefit and well-being of all the children, the Pre-school requires parents/carers to abide by the following;-

- Share information with staff about your child in relation to their development, health and well-being.
- Feedback any suggestions and ideas to Pre-school staff and contribute to your child's learning journey, when possible.

- Direct any worries, concerns or complaints to the Pre-school Supervisor as per the policy.
- To inform Pre-school staff if someone other than yourself will be collecting the child.
- To inform Pre-school staff of any accident or injuries which your child has obtained at home or on the way to Pre-school.
- To notify Pre-school when your child will be absent.

To **refrain** from;-

- Shouting, smacking or physically punishing your child or any other whilst in Pre-school.
- Using inappropriate language, aggressive or threatening behaviour to the Pre-school staff, other adults and children.
- Collecting your child when under the influence of alcohol or other substances which may impair your ability to take responsibility for your child. N.B The Pre-school Supervisor has the right to refuse to release the child into your care in such circumstances.

E Safety (Also see Online safety policy)

We encourage parents to recognise their responsibilities in supporting the Pre-school to keep children safe by respecting confidentiality by

- Requesting parents not to publish photos of their or other parent’s children, with their names and the name of the Pre-school on social networking sites.
- Requesting that they do not discuss the Pre-school on social networking sites.

Parental involvement

Policy statement

We believe that children benefit most from early years education and care when parents and settings work together in partnership.

Our aim is to support parents as their children's first and most important educators by involving them in their children's education and in the full life of our setting. We also aim to support parents in their own continuing education and personal development.

Some parents are less well represented in early years settings; these include fathers, parents who live apart from their children, but who still play a part in their lives, as well as working parents. In carrying out the following procedures, [we/I] will ensure that all parents are included.

When we refer to 'parents', we mean both mothers and fathers; these include both natural or birth parents, as well as step-parents and parents who do not live with their children, but have contact with them and play a part in their lives. 'Parents' also includes same sex parents, as well as foster parents.

The Children Act (1989) defines *parental responsibility* as '*all the rights, duties, powers, responsibilities and authority which by law a parent of a child has in relation to the child and his property*'. (For a full explanation of who has parental responsibility, refer to the Pre-school Learning Alliance publication *Safeguarding Children*.)

Procedures

- Parents are made to feel welcome in our setting; they are greeted appropriately, there is adult seating and provision for refreshment.
- We have a means to ensure all parents are included - that may mean that we have different strategies for involving fathers, or parents who work or live apart from their children.
- We make every effort to accommodate parents who have a disability or impairment.
- We consult with all parents to find out what works best for them.
- We ensure on-going dialogue with parents to improve our knowledge of the needs of their children and to support their families.
- We inform all parents about how the setting is run and its policies, through access to written information, including our *Safeguarding Children and Child Protection* policy and our responsibilities under the Prevent Duty, and through regular informal communication. We check to ensure parents understand the information that is given to them

- Information about a child and his or her family is kept confidential within our setting. We provide you with a privacy notice that details how and why we process your personal information. The exception to this is where there is cause to believe that a child may be suffering, or is likely to suffer, significant harm, or where there are concerns regarding child's development that need to be shared with another agency. We will seek parental permission unless there are reasons not to in order to protect the safety of the child. Reference is made to our Information Sharing Policy on seeking consent for disclosure.
- We seek specific parental consent to administer medication, take a child for emergency treatment, take a child on an outing and take photographs for the purposes of record keeping.
- The expectations that we make on parents are made clear at the point of registration.
- We make clear our expectation that parents will participate in settling their child at the commencement of a place according to an agreed plan.
- We seek parents' views regarding changes in the delivery of our service.
- Parents are actively encouraged to participate in decision making processes according to the structure in place within our setting.
- We encourage parents to become involved in the social and cultural life of the setting and actively contribute to it.
- As far as possible our service is provided in a flexible way to meet the needs of parents without compromising the needs of children.
- We provide sufficient opportunity for parents to share necessary information with staff and this is recorded and stored to protect confidentiality.
- Our key persons meet regularly with parents to discuss their child's progress and to share concerns if they arise.
- Where applicable, our key persons work with parents to carry out an agreed plan to support special educational needs.
- Where applicable, our key persons work with parents to carry out any agreed tasks where a Protection Plan is in place for a child.
- We involve parents in the shared record keeping about their children - either formally or informally – and ensure parents have access to their children's written developmental records.
- We provide opportunities for parents to contribute their own skills, knowledge and interests to the activities of the setting.
- We support families to be involved in activities that promote their own learning and well-being; informing parents about relevant conferences, workshops and training.
- We consult with parents about the times of meetings to avoid excluding anyone.

- We provide information about opportunities to be involved in the setting in ways that are accessible to parents with basic skills needs, or those for whom English is an additional language; making every effort to provide an interpreter for parents who speak a language other than English and to provide translated written materials.
- We hold meetings in venues that are accessible and appropriate for all.
- We welcome the contributions of parents, in whatever form these may take.
- We inform all parents of the systems for registering queries, complaints or suggestions and we check to ensure these are understood. All parents have access to our written complaints procedure.
- We provide opportunities for parents to learn about the curriculum offered in the setting and about young children's learning, in the setting and at home. There are opportunities for parents to take active roles in supporting their child's learning in the setting: informally through helping out or taking part in activities with their child, or through structured projects engaging parents and staff in learning about children's learning.

In compliance with the Safeguarding and Welfare Requirements, the following documentation is also in place at setting:

- Admissions Policy.
- Complaints procedure.
- Record of complaints.
- Developmental records of children.

Looked after children

Policy statement

We are committed to providing quality provision based on equality of opportunity for all children and their families. All staff in our provision are committed to doing all they can to enable 'looked after' children in our care to achieve and reach their full potential.

Children become 'looked after' if they have either been taken into care by the local authority, or have been accommodated by the local authority (a voluntary care arrangement). Most looked after children will be living in foster homes, but a smaller number may be in a children's home, living with a relative or even placed back home with their natural parent(s).

We recognise that children who are being looked after have often experienced traumatic situations; physical, emotional or sexual abuse or neglect. However, we also recognise that not all looked after children have experienced abuse and that there are a range of reasons for children to be taken in to the care of the local authority. Whatever the reason, a child's separation from their home and family signifies a disruption in their lives that has an impact on their emotional well-being. Most local authorities do not place children under five with foster carers who work outside the home; however, there are instances when this does occur or where the child has been placed with another family member who works. It is not appropriate for a looked after child who is under two years to be placed in a day care setting in addition to a foster placement.

We place emphasis on promoting children's right to be strong, resilient and listened to. Our policy and practice guidelines for looked after children are based on two important concepts: attachment and resilience. The basis of this is to promote secure attachments in children's lives, as the foundation for resilience. These aspects of well-being underpin the child's responsiveness to learning and enable the development of positive dispositions for learning. For young children to get the most out of educational opportunities they need to be settled enough with their carer to be able to cope with further separation, a new environment and new expectations made upon them.

Principles

- The term 'looked after child' denotes a child's current legal status; this term is never used to categorise a child as standing out from others. We do not refer to such a child using acronyms such as LAC.

- In exceptional circumstances, we offer places to two-year-old children who are in care. In such cases, the child should have been with the foster carer for at least two months and show signs of having formed a secure attachment to the carer, and the placement in the setting will last a minimum of three months.
- We offer places for funded three and four-year-olds who are in care to ensure they receive their entitlement to early education. We expect that a child will have been with a foster carer for a minimum of one month and that they will have formed a secure attachment to the carer. We expect that the placement in the setting will last a minimum of six weeks.
- We will always offer 'stay and play' provision for a child who is two to five years old who is still settling with their foster carer, or who is only temporarily being looked after.
- Where a child who normally attends our setting is taken into care and is cared for by a local foster carer, we will continue to offer the placement for the child.

Procedures

- The designated person for looked after children is the designated child protection co-ordinator.
- Every child is allocated a key person before they start and this is no different for a looked after child. The designated person ensures the key person has the information, support and training necessary to meet the looked after child's needs.
- The designated person and the key person liaise with agencies, professionals and practitioners involved with the child and his or her family and ensure that appropriate information is gained and shared.
- The setting recognises the role of the local authority children's social care department as the child's 'corporate parent' and the key agency in determining what takes place with the child. Nothing changes, especially with regard to the birth parent's or foster carer's role in relation to the setting, without prior discussion and agreement with the child's social worker.
- At the start of a placement there is a professional's meeting to determine the objectives of the placement and draw up a care plan that incorporates the child's learning needs. This plan is reviewed after two weeks, six weeks and three months. Thereafter at three to six monthly intervals.
- The care plan needs to consider issues for the child such as:
 - their emotional needs and how they are to be met;
 - how any emotional issues and problems that affect behaviour are to be managed;
 - their sense of self, culture, language(s) and identity – and how this is to be supported;

- their need for sociability and friendship;
- their interests and abilities and possible learning journey pathway; and
- how any special needs will be supported.
- In addition the care plan will also consider:
 - how information will be shared with the foster carer and local authority (as the 'corporate parent') as well as what information is shared with whom and how it will be recorded and stored;
 - what contact the child has with his/her birth parent(s) and what arrangements will be in place for supervised contact. If this is to be at the setting, when, where and what form the contact will take will be discussed and agreed;
 - what written reporting is required;
 - wherever possible, and where the plan is for the child to return home, the birth parent(s) should be involved in planning; and
 - with the social worker's agreement, and as part of the plan, the birth parent(s) should be involved in the setting's activities that include parents, such as outings and fun-days etc alongside the foster carer.
- The settling-in process for the child is agreed. It should be the same as for any other child, with the foster carer taking the place of the parent, unless otherwise agreed. It is even more important that the 'proximity' stage is followed until it is visible that the child has formed a sufficient relationship with his or her key person for them to act as a 'secure base' to allow the gradual separation from the foster carer. This process may take longer in some cases, so time needs to be allowed for it to take place without causing further distress or anxiety to the child.
- In the first two weeks after settling-in, the child's well-being is the focus of observation, their sociability and their ability to manage their feelings with or without support.
- Further observations about communication, interests and abilities will be noted to form a picture of the whole child in relation to the Early Years Foundation Stage prime and specific areas of learning and development.
- Concerns about the child will be noted in the child's file and discussed with the foster carer.
- If the concerns are about the foster carer's treatment of the child, or if abuse is suspected, these are recorded in the child's file and reported to the child's social worker according to the setting's safeguarding children procedure.
- Regular contact should be maintained with the social worker through planned meetings that will include the foster carer.

- The transition to school will be handled sensitively. The designated person and/or the child’s key person will liaise with the school, passing on relevant information and documentation with the agreement of the child’s social worker as detailed in the care plan.

Maintaining children’s safety and security on premises

Policy statement

We maintain the highest possible security of our premises to ensure that each child is safely cared for during their time with us.

Procedures

Children's personal safety

- We ensure all employed staff have been checked for criminal records via an enhanced disclosure through the Disclosure and Barring Service (DBS).
- Adults do not normally supervise children on their own.
- All children are supervised by adults at all times.
- Whenever children are on the premises at least two adults are present.
- We carry out risk assessments to ensure children are not made vulnerable within any part of our premises, nor by any activity.

Attendance

We request that parents contact us if a child will be absent from Pre-school and reserve the right to contact parents if children are absent for more than one consecutive session without explanation.

Security

- Systems are in place for the safe arrival and departure of children.
- The times of the children's arrivals and departures are recorded.
- The arrival and departure times of adults - staff, volunteers and visitors - are recorded.
- Our systems prevent unauthorised access to our premises.
- Our systems prevent children from leaving our premises unnoticed.
- The personal possessions of staff and volunteers are securely stored during sessions.

Online safety (inc. mobile phones and cameras)

Policy statement

We take steps to ensure that there are effective procedures in place to protect children, young people and vulnerable adults from the unacceptable use of Information Communication Technology (ICT) equipment or exposure to inappropriate materials in the setting.

Procedures

- Our designated person (manager/deputy) responsible for co-ordinating action taken to protect children is: Jacqueline Piaf/ Deputy Yvonne Williams

Information Communication Technology (ICT) equipment

- Only ICT equipment belonging to the setting is used by staff and children.
- The designated person is responsible for ensuring all ICT equipment is safe and fit for purpose.
- All computers have virus protection installed.
- The designated person ensures that safety settings are set to ensure that inappropriate material cannot be accessed.

Internet access

- Children do not normally have access to the internet and never have unsupervised access.
- If staff access the internet with children for the purposes of promoting their learning, written permission is gained from parents who are shown this policy.
- The designated person has overall responsibility for ensuring that children and young people are safeguarded and risk assessments in relation to online safety are completed.
- Children are taught the following stay safe principles in an age appropriate way prior to using the internet;
 - only go on line with a grown up
 - be kind on line
 - keep information about me safely
 - only press buttons on the internet to things I understand
 - tell a grown up if something makes me unhappy on the internet
- Designated persons will also seek to build children's resilience in relation to issues they may face in the online world, and will address issues such as staying safe, having appropriate friendships,

asking for help if unsure, not keeping secrets as part of social and emotional development in age appropriate ways.

- If a second hand computer is purchased or donated to the setting, the designated person will ensure that no inappropriate material is stored on it before children use it.
- All computers for use by children are located in an area clearly visible to staff.
- Children are not allowed to access social networking sites.
- Staff report any suspicious or offensive material, including material which may incite racism, bullying or discrimination to the Internet Watch Foundation at www.iwf.org.uk.
- Suspicions that an adult is attempting to make inappropriate contact with a child on-line is reported to the National Crime Agency's Child Exploitation and Online Protection Centre at www.ceop.police.uk.
- The designated person ensures staff have access to age-appropriate resources to enable them to assist children to use the internet safely.
- If staff become aware that a child is the victim of cyber-bullying, they discuss this with their parents and refer them to sources of help, such as the NSPCC on 0808 800 5000 or www.nspcc.org.uk, or Childline on 0800 1111 or www.childline.org.uk.

Email

- Children are not permitted to use email in the setting. Parents and staff are not normally permitted to use setting equipment to access personal emails.
- Staff do not access personal or work email whilst supervising children.
- Staff send personal information by encrypted email and share information securely at all times.

Mobile phones – children

- Children do not bring mobile phones or other ICT devices with them to the setting. If a child is found to have a mobile phone or ICT device with them, this is removed and stored securely until the parent collects them at the end of the session.

Mobile phones – staff and visitors

- Personal mobile phones are not used by our staff on the premises during working hours (other than breaks). They will be stored in their personal belongings.

- In an emergency, personal mobile phones may be used in an area where there are no children present, with permission from the manager.
- Our staff and volunteers ensure that the setting telephone number is known to family and other people who may need to contact them in an emergency.
- If our members of staff or volunteers take their mobile phones on outings, for use in case of an emergency, they must not make or receive personal calls, or take photographs of children.
- Parents and visitors are requested not to use their mobile phones whilst on the premises. We make an exception if a visitor's company or organisation operates a lone working policy that requires contact with their office periodically throughout the day. Visitors will be advised of a quiet space where they can use their mobile phone, where no children are present.
- These rules also apply to the use of work-issued mobiles, and when visiting or supporting staff in other settings.

Cameras and videos

- Our staff and volunteers must not bring their personal cameras or video recording equipment into the setting.
- Photographs and recordings of children are only taken for valid reasons i.e. to record their learning and development, or for displays within the setting, with written permission received by parents (see the Registration form). Such use is monitored by the manager.
- Where parents request permission to photograph or record their own children at special events, general permission is gained from all parents for their children to be included. Parents are advised that they do not have a right to photograph anyone else's child or to upload photos of anyone else's children.
- If photographs of children are used for publicity purposes, parental consent must be given and safeguarding risks minimised, for example, ensuring children cannot be identified by name or through being photographed in a sweatshirt with the name of their setting on it.

Social media

- Staff are advised to manage their personal security settings to ensure that their information is only available to people they choose to share information with.
- Staff should not accept service users, children and parents as friends due to it being a breach of expected professional conduct.

- In the event that staff name the organisation or workplace in any social media they do so in a way that is not detrimental to the organisation or its service users.
- Staff observe confidentiality and refrain from discussing any issues relating to work
- Staff should not share information they would not want children, parents or colleagues to view.
- Staff should report any concerns or breaches to the designated person in their setting.
- Staff avoid personal communication, including on social networking sites, with the children and parents with whom they act in a professional capacity. If a practitioner and family are friendly prior to the child coming into the setting, this information is shared with the manager prior to a child attending and a risk assessment and agreement in relation to boundaries is agreed.

Electronic learning journals for recording children’s progress

- Managers seek permission from the senior management team prior to using any online learning journal. A risk assessment is completed with details on how the learning journal is managed to ensure children are safeguarded.
- Staff adhere to the guidance provided with the system at all times.

Use and/or distribution of inappropriate images

- Staff are aware that it is an offence to distribute indecent images. In the event of a concern that a colleague or other person is behaving inappropriately, the Safeguarding Children and Child Protection policy, in relation to allegations against staff and/or responding to suspicions of abuse, is followed
- Staff are aware that grooming children and young people on line is an offence in its own right and concerns about a colleague’s or others’ behaviour are reported (as above).

Fire safety and emergency evacuation

Policy statement

We ensure our premises present no risk of fire by ensuring the highest possible standard of fire precautions. The person in charge and our staff are familiar with the current legal requirements. Where necessary we seek the advice of a competent person, such as our Fire Safety Consultant. A Fire Safety Log Book is used to record the findings of risk assessment, any actions taken or incidents that have occurred and our fire drills. We ensure our policy is in line with the procedures specific to our building, making reasonable adjustments as required.

Procedures

Fire safety risk assessment

- The basis of fire safety is risk assessment, carried out by a 'competent person'.
- The manager has received training in fire safety sufficient to be competent to carry out the risk assessment; this will be written where there are more than five staff and will follow the Government guidance Fire Safety Risk Assessment - Educational Premises (HMG 2006).
 - Our fire safety risk assessment focuses on the following for each area of the setting:
 - Electrical plugs, wires and sockets.
 - Electrical items.
 - Gas boilers.
 - Cookers.
 - Matches.
 - Flammable materials – including furniture, furnishings, paper etc.
 - Flammable chemicals .
 - Means of escape.
 - Anything else identified.
- Where we rent premises, we will ensure that we have a copy of the fire safety risk assessment that applies to the building and that we contribute to regular reviews.

Fire safety precautions taken

- We ensure that fire doors are clearly marked, never obstructed and easily opened from the inside.

- We ensure that smoke detectors/alarms and firefighting appliances conform to BS EN standards, are fitted in appropriate high risk areas of the building and are checked as specified by the manufacturer.
- The landlord is responsible for checking electrical equipment by a qualified electrician on a periodic basis (PAT test). Any faulty electrical equipment is taken out of use and either repaired or replaced.
- Our emergency evacuation procedures are
 - clearly displayed in the premises;
 - explained to new members of staff, volunteers and parents; and
 - practised regularly, at least once every term.
- Records are kept of fire drills and of the servicing of fire safety equipment.

Emergency evacuation procedure

Every setting is different and the evacuation procedure will be suitable for each setting. It must cover procedures for practice drills including:

- How children are familiar with the sound of the fire alarm.
- How the children, staff and parents know where the fire exits are.
- How children are led from the building to the assembly point.
- How children will be accounted for and who by.
- How long it takes to get the children out safely.
- Who calls the emergency services, and when, in the event of a real fire.
- How parents are contacted.

Fire drills

We hold fire drills termly and record the following information about each fire drill in the Fire Safety Log Book:

- The date and time of the drill.
- Number of adults and children involved.
- How long it took to evacuate.
- Whether there were any problems that delayed evacuation.
- Any further action taken to improve the drill procedure.

Legal framework

- Regulatory Reform (Fire Safety) Order 2005

Further guidance

Uncollected child

Policy statement

In the event that a child is not collected by an authorised adult by their expected collection time, we put into practice agreed procedures. The child will receive a high standard of care in order to cause as little distress as possible.

We inform parents/carers of our procedures so that, if they are unavoidably delayed, they will be reassured that their children will be properly cared for.

Procedures

- Parents are asked to provide the following specific information when their child starts attending our setting, which is recorded on our Registration Form:
 - Home address and telephone number - if the parents do not have a telephone, an alternative number must be given, perhaps a neighbour or close relative.
 - Place of work, address and telephone number (if applicable).
 - Mobile telephone number (if applicable).
 - Names, addresses, telephone numbers and signatures of adults who are authorised by the parents to collect their child from the setting, for example a childminder or grandparent.
 - Who has parental responsibility for the child.
 - Information about any person who does not have legal access to the child.
- On occasions when parents are aware that they will not be at home or in their usual place of work, they inform us in writing of how they can be contacted.
- On occasions when parents, or the persons normally authorised to collect the child, are not able to collect the child, they provide us with written details of the name, address and telephone number of the person who will be collecting their child. We agree with parents how to verify the identity of the person who is to collect their child using a Password system.
- Parents are informed that if they are not able to collect the child as planned, they must inform us so that we can begin to take back-up measures. Our contact telephone number is 01270 567431/07966 368423.

- If a child is not collected at their expected collection time, we follow the procedures below:
 - The child's file is checked for any information about changes to the normal collection routines.
 - If no information is available, parents/carers are contacted at home or at work.
 - If this is unsuccessful, the adults who are authorised by the parents to collect their child - and whose telephone numbers are recorded on the Registration Form - are contacted.
 - All reasonable attempts are made to contact the parents or nominated carers.
 - The child does not leave the premises with anyone other than those named on the Registration Form or in their file.
 - If no-one collects the child within 30 minutes of their expected collection time and there is no-one who can be contacted to collect the child, we apply the procedures for uncollected children.
 - We contact the local authority children's social care team:

0300 123 5012 Children's Assessment Team

(name and phone number)

- Or the out of hours duty officer (where applicable):

0300 123 5022

(name and phone number)

If the children's social care team is unavailable, or as our local authority advise, we will contact the local police.

- After an additional 15 minutes if the child has not been collected, we will contact the above statutory agencies again.
- The child stays at the setting in the care of two of our fully-vetted workers, one of whom will be our manager or deputy manager until the child is safely collected either by the parents or by a social care worker.
- Social care will aim to find the parent or relative. If they are unable to do so, the child will become looked after by the local authority.
- Under no circumstances will we go to look for the parent, nor leave the setting premises with the child.
- We ensure that the child is not anxious and we do not discuss our concerns in front of them.
- A full written report of the incident is recorded in the child's file.

- Depending on circumstances, we reserve the right to charge parents for the additional hours worked.

- Ofsted may be informed:

0300 123 4666

(telephone number)

- The local Pre-school Learning Alliance office/Development Worker may also be informed:

Karen Gardner 07872376132 / 07802464832

Promoting positive behaviour

Policy statement

We believe that children flourish best when their personal, social and emotional needs are understood, supported and met and where there are clear, fair and developmentally appropriate expectations for their behaviour.

As children develop, they learn about boundaries, the difference between right and wrong, and to consider the views and feelings, and needs and rights, of others and the impact that their behaviour has on people, places and objects. The development of these skills requires adult guidance to help encourage and model appropriate behaviours and to offer intervention and support when children struggle with conflict and emotional situations. In these types of situations key staff can help identify and address triggers for the behaviour and help children reflect, regulate and manage their actions. We appoint a member of staff as behaviour coordinator to oversee and advise on the team's responses to challenging behaviour.

Procedures

In order to manage children's behaviour in an appropriate way I/we will:

- attend relevant training to help understand and guide appropriate models of behaviour;
- implement the setting's behaviour procedures including the stepped approach;
- have the necessary skills to support other staff with behaviour issues and to access expert advice, if necessary;
- ensure all staff complete the Promoting Positive Behaviour programme, on Educare (<http://eyalliance.educare.co.uk/Login.aspx>)

Stepped approach

Step 1

- We will ensure that EYFS guidance relating to 'behaviour management' is incorporated into relevant policy and procedures;
- We will be knowledgeable with, and apply the setting's procedures on Promoting Positive Behaviour;
- We will undertake an annual audit of the provision to ensure the environment and practices supports healthy social and emotional development. Findings from the audit are considered by

management and relevant adjustments applied. (A useful guide to assessing the well-being of children can be found at www.kindengezin.be/img/sics-ziko-manual.pdf)

- ensure that all staff are supported to address issues relating to behaviour including applying initial and focused intervention approaches (see below).

Step 2

- We address unwanted behaviours using the agreed and consistently applied initial intervention approach. If the unwanted behaviour does not reoccur or cause concern then normal monitoring will resume.
- Behaviours that result in concern for the child and/or others will be discussed between the key person, the behaviour coordinator and Special Educational Needs Coordinator (SENCO) or/and manager. During the meeting, the key person will use their knowledge and assessments of the child to share any known influencing factors (new baby, additional needs, illness etc.) in order to place the behaviour into context. Appropriate adjustments to practice will be agreed and if successful normal monitoring resumed.
- If the behaviour continues to reoccur and remains a concern then the key person and SENCO should liaise with parents to discuss possible reasons for the behaviour and to agree next steps. If relevant and appropriate, the views of the child relating to their behaviour should be sought and considered to help identify a cause. If a cause for the behaviour is not known or only occurs whilst in the setting then the behaviour coordinator will suggest using a focused intervention approach to identify a trigger for the behaviour.
- If a trigger is identified then the SENCO and key person will meet with the parents to plan support for the child through developing an action plan. If relevant, recommended actions for dealing with the behaviour at home should be agreed with the parent/s and incorporated into the plan. Other members of the staff team should be informed of the agreed actions in the action plan and help implement the actions. The plan should be monitored and reviewed regularly by the key person and SENCO until improvement is noticed.

All incidents and intervention relating to unwanted and challenging behaviour by children should be clearly and appropriately logged.

Step 3

- If, despite applying the initial intervention and focused intervention approaches, the behaviour continues to occur and/or is of significant concern, then the behaviour coordinator and SENCO will invite the parents to a meeting to discuss external referral and next steps for supporting the child in the setting.

- It may be agreed that the Common Assessment Framework (CAF) or Early Help process should begin and that specialist help be sought for the child – this support may address either developmental or welfare needs. If the child’s behaviour is part of a range of welfare concerns that also include a concern that the child may be suffering or likely to suffer significant harm, follow the Safeguarding and Children and Child Protection Policy (1.2). It may also be agreed that the child should be referred for an Education, Health and Care assessment. (See Supporting Children with SEN policy 9.2)
- Advice provided by external agencies should be incorporated into the child’s action plan and regular multi-disciplinary meetings held to review the child’s progress.

Initial intervention approach

- We use an initial problem solving intervention for all situations in which a child or children are distressed or in conflict. All staff use this intervention consistently.
- This type of approach involves an adult approaching the situation calmly, stopping any hurtful actions, acknowledging the feelings of those involved, gathering information, restating the issue to help children reflect, regain control of the situation and resolve the situation themselves.
- High Scope’s Conflict Resolution process provides this type of approach but equally any other similar method would be suitable. Periodically the effectiveness of the approach will be checked.

Focused intervention approach

- The reasons for some types of behaviour are not always apparent, despite the knowledge and input from key staff and parents.
- Where we have considered all possible reasons, then a focused intervention approach should then be applied.
- This approach allows the key person and behaviour coordinator to observe, reflect, and identify causes and functions of unwanted behaviour in the wider context of other known influences on the child.
- We follow the ABC method which uses key observations to identify a) an event or activity (antecedent) that occurred immediately before a particular behaviour, b) what behaviour was observed and recorded at the time of the incident, and c) what the consequences were following the behaviour. Once analysed, the focused intervention should help determine the cause (e.g. ownership of a toy or fear of a situation) and function of the behaviour (to obtain the toy or avoid a situation) and suitable support will be applied.

Use of rewards and sanctions

- All children need consistent messages, clear boundaries and guidance to intrinsically manage their behaviour through self-reflection and control.
- Rewards such as excessive praise and stickers may provide an immediate change in the behaviour but will not teach children how to act when a 'prize' is not being given or provide the child with the skills to manage situations and their emotions. Instead, a child is taught how to be 'compliant' and respond to meet adult's own expectations in order to obtain a reward (or for fear of a sanction). If used then the type of rewards and their functions must be carefully considered before applying.
- Children should never be labelled, criticised, humiliated, punished, shouted at or isolated by removing them from the group and left alone in 'time out' or on a 'naughty chair'. However, if necessary children can be accompanied and removed from the group in order to calm down and if appropriate helped to reflect on what has happened.

Use of physical intervention

- The term physical intervention is used to describe any forceful physical contact by an adult to a child such as grabbing, pulling, dragging, or any form of restraint of a child such as holding down. Where a child is upset or angry, staff will speak to them calmly, encouraging them to vent their frustration in other ways by diverting the child's attention.
- Staff should not use physical intervention – or the threat of physical intervention, to manage a child's behaviour unless it is necessary to use 'reasonable force in order to prevent children from injuring themselves or others or damage property' (EYFS).
- If 'reasonable force' has been used for any of the reasons shown above, parents are to be informed on the same day that it occurs. The intervention will be recorded as soon as possible within the child's file, which states clearly when and how parents were informed.
- Corporal (physical) punishment of any kind should never be used or threatened.

Challenging Behaviour/Aggression by children towards other children

- Any aggressive behaviour by children towards other children will result in a staff member intervening immediately to challenge and prevent escalation.
- If the behaviour has been significant or may potentially have a detrimental effect on the child, the parents of the child who has been the victim of behaviour and the parents of the child who has been the perpetrator should be informed.
- The designated person will contact children's social services if appropriate, i.e., if a child has been seriously injured, or if there is reason to believe that a child's challenging behaviour is an indication that they themselves are being abused.

- The designated person will make a written record of the incident, which is kept in the child's file; in line with the *Safeguarding children, young people and vulnerable adults* policy.
- The designated person should complete a risk assessment related to the child's challenging behaviour to avoid any further instances.
- The designated person should meet with the parents of the child who has been affected by the behaviour to advise them of the incident and the setting's response to the incident.
- Ofsted should be notified if appropriate, i.e., if a child has been seriously injured.
- Relevant health and safety procedures and procedures for dealing with concerns and complaints should be followed.
- Parents should also be asked to sign risk assessments where the risk assessment relates to managing the behaviour of a specific child.

Bullying is a behaviour that both parents and practitioners worry about. Bullying is a deliberate, aggressive and repeated action, which is carried out with intent to cause harm or distress to others. It requires the child to have 'theory of mind' and a higher level of reasoning and thinking, all of which are complex skills that most three-year-olds have not yet developed (usually after the age of four along with empathy). Therefore, an outburst by a three-year-old is more likely to be a reflection of the child's emotional well-being, their stage of development or a behaviour that they have copied from someone else.

Young children are keen observers and more likely to copy behaviours, which mimic the actions of others, especially the actions of people they have established a relationship with. These are learnt behaviours rather than premeditated behaviours because children this young do not have sufficiently sophisticated cognition to carry out the type of bullying an older child can do. Unless addressed early, this type of pre-bullying behaviour in young children can lead on to bullying behaviour later in childhood. The fear is that by labelling a child as a bully so early in life we risk influencing negative perceptions and expectations of the child which will impact on their self-image, self-esteem and may adversely affect their long term behaviour. This label can stick with the child for the rest of their life.

Challenging unwanted behaviour from adults in the setting

- Settings will not tolerate behaviour from an adult which demonstrates a dislike, prejudice and/or discriminatory attitude or action towards any individual or group. This includes negativity towards groups and individuals living outside the UK (xenophobia). This also applies to the same behaviour if directed towards specific groups of people and individuals who are British Citizens residing in the UK.

- Allegations of discriminatory remarks or behaviour including xenophobia made in the setting by any adult will be taken seriously. The perpetrator will be asked to stop the behaviour and failure to do so may result in the adult being asked to leave the premises and in the case of a staff member, disciplinary measures being taken.
- Where a parent makes discriminatory or prejudiced remarks to staff at any time, or other people while on the premises, this is recorded on the child's file and is reported to the setting manager. The procedure is explained and the parent asked to comply while on the premises. An 'escalatory' approach will be taken with those who continue to exhibit this behaviour. The second stage comprises a letter to the parent requesting them to sign a written agreement not to make discriminatory remarks or behave in a discriminatory or prejudiced manner; the third stage may be considering withdrawing the child's place.

Covid-19 considerations

This is an unsettling time for young children. Practitioners are alert to the emotional well-being of children who may be affected by the disruption to their normal routine. Where a child's behaviour gives cause for concern, practitioners take into consideration the many factors that may be affecting them. This is done in partnership with the child's parents/carers and the principles of this procedure are adhered to.

Bullying

We take bullying very seriously. Bullying involves the persistent physical or verbal abuse of another child or children. It is characterised by intent to hurt, often planned, and accompanied by an awareness of the impact of the bullying behaviour.

A child who is bullying has reached a stage of cognitive development where he or she is able to plan to carry out a premeditated intent to cause distress to another.

If a child bullies another child or children:

- we show the children who have been bullied that we are able to listen to their concerns and act upon them;
- we intervene to stop the child who is bullying from harming the other child or children;
- we explain to the child doing the bullying why her/his behaviour is not acceptable;
- we give reassurance to the child or children who have been bullied;
- we help the child who has done the bullying to recognise the impact of their actions;
- we make sure that children who bully receive positive feedback for considerate behaviour and are given opportunities to practise and reflect on considerate behaviour;
- we do not label children who bully as ‘bullies’;
- we recognise that children who bully may be experiencing bullying themselves, or be subject to abuse or other circumstances causing them to express their anger in negative ways towards others;
- we recognise that children who bully are often unable to empathise with others and for this reason we do not insist that they say sorry unless it is clear that they feel genuine remorse for what they have done. Empty apologies are just as hurtful to the bullied child as the original behaviour;
- we discuss what has happened with the parents of the child who did the bullying and work out with them a plan for handling the child's behaviour; and
- we share what has happened with the parents of the child who has been bullied, explaining that the child who did the bullying is being helped to adopt more acceptable ways of behaving.

British values

Policy statement

We actively promote inclusion, equality of opportunity, the valuing of diversity and British values.

Under the Equality Act 2010, which underpins standards of behaviour and incorporates both British and universal values, we have a legal obligation not to directly or indirectly discriminate against, harass or victimise those with protected characteristics. We make reasonable adjustments to procedures, criteria and practices to ensure that those with protected characteristics are not at a substantial disadvantage. As we are in receipt of public funding we also have a public sector equality duty to eliminate unlawful discrimination, advance equality of opportunity, foster good relations and publish information to show compliance with the duty.

Social and emotional development is shaped by early experiences and relationships and incorporates elements of equality and British and universal values. The Early Years Foundation Stage (EYFS) supports children's earliest skills so that they can become social citizens in an age-appropriate way, that is, so that they are able to listen and attend to instructions; know the difference between right and wrong; recognise similarities and differences between themselves and others; make and maintain friendships; develop empathy and consideration of other people; take turns in play and conversation; avoid risk and take notice of rules and boundaries; learn not to hurt/upset other people with words and actions; understand the consequences of hurtful/discriminatory behaviour.

Procedures

British Values

The fundamental British values of *democracy, rule of law, individual liberty, mutual respect and tolerance for those with different faiths and beliefs* are already implicitly embedded in the 2014 EYFS and are further clarified below, based on the *Fundamental British Values in the Early Years* guidance (Foundation Years 2015):

- *Democracy*, or making decisions together (through the prime area of Personal, Social and Emotional Development)
 - As part of the focus on self-confidence and self-awareness, practitioners encourage children to see their role in the bigger picture, encouraging them to know that their views count, to value each other's
 - views and values, and talk about their feelings, for example, recognising when they do or do not need help.

- Practitioners support the decisions that children make and provide activities that involve turn-taking, sharing and collaboration. Children are given opportunities to develop enquiring minds in an atmosphere where questions are valued.
- *Rule of law*, or understanding that rules matter (through the prime area of Personal, Social and Emotional Development)
 - Practitioners ensure that children understand their own and others' behaviour and its consequence.
 - Practitioners collaborate with children to create rules and the codes of behaviour, for example, the rules about tidying up, and ensure that all children understand rules apply to everyone.
- *Individual liberty, or freedom for all* (through the prime areas of Personal, Social and Emotional Development, and Understanding the World)
 - Children should develop a positive sense of themselves. Staff provide opportunities for children to develop their self-knowledge, self-esteem and increase their confidence in their own abilities, for example through allowing children to take risks on an obstacle course, mixing colours, talking about their experiences and learning.
 - Practitioners encourage a range of experiences that allow children to explore the language of feelings and responsibility, reflect on their differences and understand we are free to have different opinions, for example discussing in a small group what they feel about transferring into Reception Class.
- *Mutual respect and tolerance*, or treating others as you want to be treated (through the prime areas of Personal, Social and Emotional Development, and Understanding the World)
 - Practitioners create an ethos of inclusivity and tolerance where views, faiths, cultures and races are valued and children are engaged with the wider community.
 - Children should acquire tolerance, appreciation and respect for their own and other cultures; know about similarities and differences between themselves and others, and among families, faiths, communities, cultures and traditions.
 - Practitioners encourage and explain the importance of tolerant behaviours, such as sharing and respecting other's opinions.
 - Practitioners promote diverse attitudes and challenge stereotypes, for example, sharing stories that reflect and value the diversity of children's experiences and providing resources and activities that challenge gender, cultural or racial stereotyping.
- *In our setting it is not acceptable to:*
 - actively promote intolerance of other faiths, cultures and races

- fail to challenge gender stereotypes and routinely segregate girls and boys
- isolate children from their wider community
- fail to challenge behaviours (whether of staff, children or parents) that are not in line with the fundamental British values of democracy, rule of law, individual liberty, mutual respect and tolerance for those with different faiths and beliefs

Prevent Strategy

Under the Counter-Terrorism and Security Act 2015 we also have a duty “to have due regard to the need to prevent people from being drawn into terrorism”

Legal framework

Nappy changing

Policy statement

No child is excluded from participating in our setting who may, for any reason, not yet be toilet trained and who may still be wearing nappies or equivalent. We work with parents towards toilet training, unless there are medical or other developmental reasons why this may not be appropriate at the time.

We provide nappy changing facilities and exercise good hygiene practices in order to accommodate children who are not yet toilet trained.

We see toilet training as a self-care skill that children have the opportunity to learn with the full support and non-judgemental concern of adults.

Procedures

- Our key persons have a list of personalised changing times for the children in their care who are in nappies or 'pull-ups'; and change nappies according to this schedule, or more frequently where necessary.
- We encourage young children from two years to normally wear pull ups, or other types of trainer pants, as soon as they are comfortable with this and if their parents agree.
- Our key persons undertake changing children in their key groups; back up key persons change them if the key person is absent.
- Young children are changed within sight of other staff whilst maintaining their dignity and privacy at all times.
- Our changing area is warm, with a safe area to lay children and no bright lights shining down in their eyes. There are mobiles and other objects of interest to take the child's attention.
- Each child has their own basket to hand with their nappies or pull ups and changing wipes.
- Our staff put on gloves and aprons before changing starts and the areas are prepared. Paper towel is put down on the changing mat freshly for each child. Gloves are not always required for a wet nappy where there is no risk of infection, however, gloves are always available for those staff who choose to wear them. Gloves are always worn for a 'soiled' nappy.
- All our staff are familiar with our hygiene procedures and carry these out when changing nappies.

- Our staff never turn their back on a child or leave them unattended whilst they are on the changing mat.
- We are gentle when changing; we avoid pulling faces and making negative comments about ‘nappy contents’.
- We do not make inappropriate comments about children’s genitals when changing their nappies.
- In addition, we ensure that nappy changing is relaxed and a time to promote independence in young children.
- We encourage children to take an interest in using the toilet; they may just want to sit on it and talk to a friend who is also using the toilet.
- We encourage children to wash their hands, and have soap and towels to hand. They should be allowed time for some play as they explore the water and the soap.
- Older children access the toilet when they have the need to and are encouraged to be independent.
- We dispose of nappies and pull ups hygienically. Any soil (faeces) in nappies or pull ups is flushed down the toilet and the nappy or pull up is bagged and put in the sealed nappy bin. Cloth nappies, trainer pants and ordinary pants that have been wet or soiled are rinsed and bagged for parents to take home.
- We have a ‘duty of care’ towards children’s personal needs. If children are left in wet or soiled nappies/pull ups in the setting this may constitute neglect and will be a disciplinary matter.

Health and safety general standards

Policy statement

We believe that the health and safety of children is of paramount importance. We make our setting a safe and healthy place for children, parents, staff and volunteers.

- We aim to make children, parents, staff and volunteers aware of health and safety issues and to minimise the hazards and risks to enable the children to thrive in a healthy and safe environment.
- Our members of staff responsible for health and safety are Jacqueline Piaf and Helen Wise
- They are competent to carry out these responsibilities.
- Will continue to undertake health and safety training to regularly update their knowledge and understanding.
- We display the necessary health and safety poster in the hallway between the playrooms.

Insurance cover

We have public liability insurance and employers' liability insurance. The certificate for public liability insurance is displayed on the Pre-school notice board in the main hall.

Procedures

Awareness raising

- Our induction training for staff and volunteers includes a clear explanation of health and safety issues, so that all adults are able to adhere to our policy and procedures as they understand their shared responsibility for health and safety. The induction training covers matters of employee well-being, including safe lifting and the storage of potentially dangerous substances.
- We keep records of these induction training sessions and new staff and volunteers are asked to sign the records to confirm that they have taken part.
- We explain health and safety issues to the parents of new children, so that they understand the part played by these issues in the daily life of the setting.
- As necessary, health and safety training is included in the annual training plans of staff, and health and safety is discussed regularly at our staff meetings.
- We operate a no-smoking policy.

- We make children aware of health and safety issues through discussions, planned activities and routines.

Windows

- Low level windows are made from materials that prevent accidental breakage or we ensure that they are made safe.
- We ensure that windows are protected from accidental breakage or vandalism from people outside the building.
- Our windows above the ground floor are secured so that children cannot climb through them.
- We ensure that any blind cords are secured safely and do not pose a strangulation risk for young children.

Doors

- We take precautions to prevent children's fingers from being trapped in doors.

Floors and walkways

- All our floor surfaces are checked daily to ensure they are clean and not uneven, wet or damaged. Any wet spills are mopped up immediately.
- Walkways and stairs are left clear and uncluttered.

Electrical/gas equipment

- We ensure that all electrical/gas equipment conforms to safety requirements and is checked regularly.
- Our boiler/electrical switch gear/meter cupboard is not accessible to the children.
- Fires, heaters, electric sockets, wires and leads are properly guarded and we teach the children not to touch them.
- There are sufficient sockets in our setting to prevent overloading.
- We switch electrical devices off from the plug after use.
- We ensure that the temperature of hot water is controlled to prevent scalds.
- Lighting and ventilation is adequate in all areas of our setting, including storage areas.

Storage

- All our resources and materials, which are used by the children, are stored safely.
- All our equipment and resources are stored or stacked safely to prevent them accidentally falling or collapsing.

Outdoor area

- Our outdoor area is securely fenced. All gates and fences are childproof and safe.
- Our outdoor area is checked for safety and cleared of rubbish, animal droppings and any other unsafe items before it is used.
- Adults and children are alerted to the dangers of poisonous plants, herbicides and pesticides.
- We leave receptacles upturned to prevent collection of rainwater. Where water can form a pool on equipment, it is emptied and cleaned before children start playing outside.
- Our outdoor sand pit is covered when not in use and is cleaned regularly.
- We check that children are suitably attired for the weather conditions and type of outdoor activities; ensuring that sunscreen is applied and hats are worn during the summer months.
- We supervise outdoor activities at all times; and particular children on climbing equipment.

Hygiene

- We seek information from the Public Health England to ensure that we keep up-to-date with the latest recommendations.
- Our daily routines encourage the children to learn about personal hygiene.
- We have a daily cleaning routine for the setting, which includes the play room(s), kitchen, rest area, toilets and nappy changing areas. Children do not have unsupervised access to the kitchen.
- We have a schedule for cleaning resources and equipment, dressing-up clothes and furnishings.
- The toilet area has a high standard of hygiene, including hand washing and drying facilities and disposal facilities for nappies.
- We implement good hygiene practices by:
 - cleaning tables between activities;
 - cleaning and checking toilets regularly;
 - wearing protective clothing - such as aprons and disposable gloves - as appropriate;
 - providing sets of clean clothes;
 - providing tissues and wipes; and
 - ensuring individual use of towels.

Activities, resources and repairs

- Before purchase or loan, we check equipment and resources to ensure that they are safe for the ages and stages of the children currently attending the setting.
- We keep a full inventory of all items in the setting for audit and insurance purposes.

- The layout of our play equipment allows adults and children to move safely and freely between activities.
- All our equipment is regularly checked for cleanliness and safety, and any dangerous items are repaired or discarded.
- We make safe and separate from general use any areas that are unsafe because of repair is needed.
- All our materials, including paint and glue, are non-toxic.
- We ensure that sand is clean and suitable for children's play.
- Physical play is constantly supervised.
- We teach children to handle and store tools safely.
- We check children who are sleeping regularly and they are never left unsupervised.
- If children fall asleep in-situ, it may be necessary to move or wake them to make sure they are comfortable.
- Children learn about health, safety and personal hygiene through the activities we provide and the routines we follow.
- Any faulty equipment is removed from use and is repaired. If it cannot be repaired it is discarded. Large pieces of equipment are discarded only with the consent of the manager and the management team.

Jewellery and accessories

- Our staff do not wear jewellery or fashion accessories, such as belts or high heels, that may pose a danger to themselves or children.
- Parents must ensure that any jewellery worn by children poses no danger; particularly earrings which may get pulled, bracelets which can get caught when climbing or necklaces that may pose a risk of strangulation.
- We ensure that hair accessories are removed before children sleep or rest.

Safety of adults

- We ensure that adults are provided with guidance about the safe storage, movement, lifting and erection of large pieces of equipment.
- We provide safe equipment for adults to use when they need to reach up to store equipment or to change light bulbs.
- We ensure that all warning signs are clear and in appropriate languages.
- We ensure that adults do not remain in the building on their own.

- We record the sickness of staff and their involvement in accidents. The records are reviewed termly to identify any issues that need to be addressed.

Control of substances hazardous to health

- Our staff implement the current guidelines of the *Control of Substances Hazardous to Health Regulations (COSHH)*.
- We keep a record of all substances that may be hazardous to health - such as cleaning chemicals, or gardening chemicals if used and where they are stored.
- Hazardous substances are stored safely away from the children.
- We carry out a risk assessment for all chemicals used in the setting. This states what the risks are and what to do if they have contact with eyes or skin or are ingested.
- We keep all cleaning chemicals in their original containers.
- We keep the chemicals used in the setting to the minimum in order to ensure health and hygiene is maintained.
 - we do not use bleach in the play areas, this is confined to occasional use in the toilets and drains.
 - anti-bacterial handwash is used to prevent the spread of infection.
 - anti-bacterial cleaning agents are used in the toilets, nappy changing area and food preparation areas, kitchen and toilet floors, in accordance with the environmental health officer. Anti-bacterial spays are used to clean tables and to wipe down toys, they are not used when children are nearby.
- Environmental factors are taken into account when purchasing, using and disposing of chemicals.
- All members of staff are vigilant and use chemicals safely.
- Members of staff wear protective gloves when using cleaning chemicals.

SUN SAFE NURSERIES - SUN SAFETY POLICY

RATIONAL

Too much exposure to ultraviolet light (UV) radiation from the sun causes sunburn, skin damage and increases the risk of skin cancer. Sun exposure in the first 15 years of life contributes significantly to the lifetime risk of skin cancer.

There is potential for nurseries to help prevent skin cancer in future generations because:

- Nurseries can play a significant role in changing behaviours through role modelling and education from an early age.
- Children and staff are at risk of sunburn within 10-15 minutes of being exposed to strong sunlight.
- Skin cancer is largely preventable through behaviour modification and sun protection during early years.

The main elements of this policy are:

- Partnership: working with parents/guardians, nursery staff and the wider community to reinforce awareness about sun safety and promote a healthy nursery.
- Education: learning about sun safety to increase knowledge and influence behaviour.
- Protection: providing an environment that enables children and staff to stay safe in the sun.

PARTNERSHIP

- Sun safety will be promoted through working with parents, staff and the wider community to improve our understanding and provision to avoid the harmful effects of too much exposure to ultraviolet light (UV).
- Staff should act as positive role models and set a good example by seeking out the shade whenever possible and wearing suitable clothing, hat and sunscreen.

EDUCATION

- Parents and guardians will be asked through letters/newsletters to support this policy by encouraging their children to adopt the Slip, Slop, Slap message and act as role models.
- Children will be taught the 'Slip, Slop, Slap' Song which will help them remember the basic Sun Safe message
- Children will be read 'George the Sun Safe Superstar', an illustrated, rhyming story that educates children on the importance of Sun Safety and staff will regularly reinforce the sun safe messaging through discussion.

PROTECTION

Shade:

- The nursery playground has shade provided either by the school building, outdoor shelter(s), trees and/or we have temporary structures i.e. gazebos, etc for use during outdoor play.
- Children will be encouraged to use the shaded areas during playtimes when appropriate.

Clothing:

- The children will be encouraged to wear clothes that provide good sun protection.
- Parents/guardians will be duly informed of the importance to provide the nursery with appropriate sun hats and

Sunscreen as advised by the national skin cancer charity ‘Skin’.

- The nursery will provide spare appropriate sun hats and quality sunscreen on site at all times.

Drinking Water:

- Children are encouraged to increase their water intake in hot weather and are encouraged to drink water during outdoor play times.

Risk assessment

Policy statement

We believe that the health and safety of children is of paramount importance. We make our setting a safe and healthy place for children, parents, staff and volunteers by assessing and minimising the hazards and risks to enable the children to thrive in a healthy and safe environment.

Risk assessment means:

Taking note of aspects of your workplace and activities that could cause harm, either to yourself or to others, and deciding what needs to be done to prevent that harm, making sure this is adhered to.

The law does not require that all risk is eliminated, but that 'reasonable precaution' is taken. This is particularly important when balancing the need for children to be able to take appropriate risks through physically challenging play. Children need the opportunity to work out what is not safe and what they should do when faced with a risk.

Health and safety risk assessments inform procedures. Staff and parents should be involved in reviewing risk assessments and procedures – they are the ones with first-hand knowledge as to whether the control measures are effective – and they can give an informed view to help update procedures accordingly.

This policy is based on the five steps below:

- Identification of a risk: Where is it and what is it?
- Who is at risk: Childcare staff, children, parents, cooks, cleaners etc?
- Assessment as to whether the level of a risk is high, medium, low. This takes into account both the likelihood of it happening, as well as the possible impact if it did.
- Control measures to reduce/eliminate risk: What will you need to do, or ensure others will do, in order to reduce that risk?

- Monitoring and review: How do you know if what you have said is working, or is thorough enough? If it is not working, it will need to be amended, or maybe there is a better solution.

Procedures

- Jacqueline Piaf/Jackie Herring undertake training and ensures our staff and volunteers have adequate training in health and safety matters.
- Our risk assessment process covers adults and children and includes:
 - determining where it is helpful to make some written risk assessments in relation to specific issues, to inform staff practice, and to demonstrate how we are managing risks if asked by parents and/or carers and inspectors;
 - checking for and noting hazards and risks indoors and outside, in relation to our premises and activities;
 - assessing the level of risk and who might be affected;
 - deciding which areas need attention; and
 - developing an action plan that specifies the action required, the time-scales for action, the person responsible for the action and any funding required.
- Where more than five staff and volunteers are employed, the risk assessment is written and is reviewed regularly.
- We maintain lists of health and safety issues, which are checked daily before the session begins, as well as those that are checked on a weekly and termly basis when a full risk assessment is carried out.
- Jacqueline Piaf/Jackie Herring ensure that checks, such as electricity and gas safety checks, and any necessary work to the setting premises are carried out annually and records are kept.
- Jacqueline Piaf/ Jackie Herring ensure that staff members carry out risk assessments that include relevant aspects of fire safety, food safety for all areas of the premises.
- Jacqueline Piaf/ Jackie Herring ensure that staff members carry out risk assessments for work practice including:
 - changing children;
 - preparation and serving of food/drink for children;
 - children with allergies;
 - cooking activities with children;
 - supervising outdoor play and indoor/outdoor climbing equipment;
 - putting babies or young children to sleep;
 - assessment, use and storage of equipment for disabled children;

- the use and storage of substances which may be hazardous to health, such as cleaning chemicals;
 - visitors to the setting who are bring equipment or animals as part of children’s learning experiences; and
 - following any incidents involving threats against staff or volunteers.
- Jacqueline Piaf/ Jackie Herring ensure that staff members carry out risk assessments for off-site activities if required, for example:
 - children’s outings;
 - home visits; and
 - other off-site duties such as attending meetings, banking etc.

Recording and reporting of accidents and incidents

Policy statement

We follow the guidelines of the Reporting of Injuries, Diseases and Dangerous Occurrences Regulations (RIDDOR) for the reporting of accidents and incidents. Child protection matters or behavioural incidents between children are not regarded as incidents and there are separate procedures for this.

Procedures

Our accident book:

- is kept in a safe and secure place;
- is accessible to our staff and volunteers, who all know how to complete it; and
- is reviewed at least half termly to identify any potential or actual hazards.

Reporting accidents and incidents

- Ofsted is notified as soon as possible, but at least within 14 days, of any instances which involve:
 - food poisoning affecting two or more children looked after on our premises
 - a serious accident or injury to, or serious illness of, a child in our care and the action we take in response
 - the death of a child in our care
- Local child protection agencies are informed of any serious accident or injury to a child, or the death of any child, while in our care and we act on any advice given by those agencies.
- Any food poisoning affecting two or more children or adults on our premises is reported to the local Environmental Health Department.
- We meet our legal requirements in respect of the safety of our employees and the public by complying with RIDDOR. We report to the Local Authority (LA). Please note that providers on school premises or domestic premises report to the Health and Safety Executive (HSE):
 - Any work-related accident leading to an injury to a member of the public (child or adult), for which they are taken directly to hospital for treatment.
 - Any work-related accident leading to a specified injury to one of our employees. Specified injuries include injuries such as fractured bones, the loss of consciousness due to a head injury, serious burns or amputations.

- Any work-related accident leading to an injury to one of our employees which results in them being unable to work for seven consecutive days. All work-related injuries that lead to one of our employees being incapacitated for three or more days are recorded in our accident book.
- When one of our employees suffers from a reportable occupational disease or illness as specified by the HSE.
- Any death, of a child or adult, that occurs in connection with a work-related accident.
- Any dangerous occurrences. This may be an event that causes injury or fatalities or an event that does not cause an accident, but could have done; such as a gas leak.
- Information for reporting incidents to the Local Authority or Health and Safety Executive is provided in the *Accident Record* (Pre-school Learning Alliance 2017). Any dangerous occurrence is recorded in our incident book (see below).

Incident book

- We have ready access to telephone numbers for emergency services, including the local police. Where we are responsible for the premises we have contact numbers for the gas and electricity emergency services, and a carpenter and plumber. Where we rent premises we ensure we have access to the person responsible and that there is a shared procedure for dealing with emergencies.
- We ensure that our staff and volunteers carry out all health and safety procedures to minimise risk and that they know what to do in an emergency.
- On discovery of an incident, we report it to the appropriate emergency services – fire, police, ambulance – if those services are needed.
- If an incident occurs before any children arrive, our manager/deputy risk assesses this situation and decides if the premises are safe to receive children. We may decide to offer a limited service or to close the setting.
- Where an incident occurs whilst the children are in our care and it is necessary to evacuate the premises/area, we follow the procedures in our Fire Safety and Emergency Evacuation Policy or, when on an outing, the procedures identified in the risk assessment for the outing.
- If a crime may have been committed, we ask all adults witness to the incident make a witness statement including the date and time of the incident, what they saw or heard, what they did about it and their full name and signature.

- We keep an incident book for recording major incidents, including some of those that that are reportable to the Local Authority or Health and Safety Executive as above.
- These incidents include:
 - a break in, burglary, or theft of personal or our setting's property
 - an intruder gaining unauthorised access to our] premises
 - a fire, flood, gas leak or electrical failure
 - an attack on an adult or child on our premises or nearby
 - any racist incident involving families or our staff on the setting's premises
 - a notifiable disease or illness, or an outbreak of food poisoning affecting two or more children looked after on our premises
 - the death of a child or adult
 - a terrorist attack, or threat of one
- In the incident book we record the date and time of the incident, nature of the event, who was affected, what was done about it or if it was reported to the police, and if so a crime number. Any follow up, or insurance claim made, is also recorded.
- In the event of a terrorist attack, we follow the advice of the emergency services with regard to evacuation, medical aid and contacting children's families. Our standard Fire Safety and Emergency Evacuation Policy will be followed. The incident is recorded when the threat is averted.
- In the unlikely event of a child dying on our premises, the emergency services are called and the advice of these services are followed.
- The incident book is not for recording issues of concern involving a child. This is recorded in the child's own file.

Education Inspection Framework

- As required under the *Education Inspection Framework*, we maintain a summary record of all accidents, exclusions, children taken off roll, incidents of poor behaviour and discrimination, including racist incidents, and complaints and resolutions.

Legal framework

- Reporting of Injuries, Diseases and Dangerous Occurrences Regulations (RIDDOR) 1995 (As Amended)

- The Health and Safety (Enforcing Authority) Regulations 1998

Food hygiene

(Including the procedure for reporting food poisoning)

Policy statement

We provide and/or serve food for children on the following basis

- Snacks.

We maintain the highest possible food hygiene standards with regard to the purchase, storage, preparation and serving of food.

We are registered as a food provider with the local authority Environmental Health Department.

Procedures

- The person in charge and the person(s) responsible for food preparation understand the principles of Hazard Analysis and Critical Control Point (HACCP) as it applies to their business. This is set out in Safer Food, Better Business (Food Standards Agency 2011). The basis for this is risk assessment of the purchase, storage, preparation and serving of food to prevent growth of bacteria and food contamination.
- All staff follow the guidelines of Safer Food, Better Business.
- All staff involved in the preparation and handling of food have received training in food hygiene.
- The person responsible for food preparation and serving carries out daily opening and closing checks on the kitchen to ensure standards are met consistently. (See Safer Food, Better Business.)
- We use reliable suppliers for the food we purchase.
- Food is stored at correct temperatures and is checked to ensure it is in-date and not subject to contamination by pests, rodents or mould.
- Packed lunches are stored in a cool place and parents are requested to provide an ice pack; un-refrigerated food is served to children within 4 hours of preparation at home.
- Food preparation areas are cleaned before use as well as after use.
- There are separate facilities for hand-washing and for washing up.
- All surfaces are clean and non-porous.
- All utensils, crockery etc are clean and stored appropriately.
- Waste food is disposed of daily.
- Cleaning materials and other dangerous materials are stored out of children's reach.

- Children do not have unsupervised access to the kitchen.
- When children take part in cooking activities, they:
 - are supervised at all times;
 - understand the importance of hand washing and simple hygiene rules;
 - are kept away from hot surfaces and hot water; and
 - do not have unsupervised access to electrical equipment, such as blenders etc.

Reporting of food poisoning

- Food poisoning can occur for a number of reasons; not all cases of sickness or diarrhoea are as a result of food poisoning and not all cases of sickness or diarrhoea are reportable.
- Where children and/or adults have been diagnosed by a GP or hospital doctor to be suffering from food poisoning and where it seems possible that the source of the outbreak is within the setting, the manager will contact the Environmental Health Department to report the outbreak and will comply with any investigation.
- Any confirmed cases of food poisoning affecting two or more children looked after on the premises are notified to Ofsted as soon as reasonably practicable, and always within 14 days of the incident.

Legal framework

- Regulation (EC) 852/2004 of the European Parliament and of the Council on the Hygiene of Foodstuffs

Food and drink

Policy statement

Our provision regards snack and meal times as an important part of our day. Eating represents a social time for children and adults and helps children to learn about healthy eating. We promote healthy eating using resources and materials from the Early Years Alliance. At snack and meal times, we aim to provide nutritious food, which meets the children's individual dietary needs.

Procedures

We follow these procedures to promote healthy eating in our setting.

- Before a child starts to attend the setting, we ask their parents about their dietary needs and preferences, including any allergies. (See the Managing Children who are Sick, Infectious or with Allergies Policy.)
- We record information about each child's dietary needs in the Registration Form and parents sign the form to signify that it is correct.
- We regularly consult with parents to ensure that our records of their children's dietary needs – including any allergies - are up-to-date. Parents sign the up-dated record to signify that it is correct.
- We display current information about individual children's dietary needs so that all staff and volunteers are fully informed about them.
- We implement systems to ensure that children receive only food and drink that is consistent with their dietary needs and preferences, as well as their parents' wishes.
- We plan menus in advance, involving children and parents in the planning when appropriate.
- We display the menus of meals/snacks for parents to view along with any known allergens they contain.
- We provide nutritious food for all meals and snacks, avoiding large quantities of saturated fat, sugar and salt and artificial additives, preservatives and colourings.
- We include a variety of foods from the four main food groups:
 - meat, fish and protein alternatives;
 - dairy foods;
 - grains, cereals and starch vegetables; and
 - fruit and vegetables.
- We include foods from the diet of each of the children's cultural backgrounds, providing children with familiar foods and introducing them to new ones.

- We take care not to provide food containing nuts or nut products and are especially vigilant where we have a child who has a known allergy to nuts.
- Through discussion with parents and research reading by staff, we obtain information about the dietary rules of the religious groups to which children and their parents belong, and of vegetarians and vegans, as well as about food allergies. We take account of this information in the provision of food and drinks.
- We provide a vegetarian alternative on days when meat or fish are offered and make every effort to ensure Halal meat or Kosher food is available for children who require it.
- We require staff to show sensitivity in providing for children's diets and allergies. Staff do not use a child's diet or allergy as a label for the child, or make a child feel singled out because of her/his diet or allergy.
- We organise meal and snack times so that they are social occasions in which children and staff participate.
- We use meal and snack times to help children to develop independence through making choices, serving food and drink and feeding themselves.
- We provide children with utensils that are appropriate for their ages and stages of development and that take account of the eating practices in their cultures.
- We have fresh drinking water constantly available for the children. We inform the children about how to obtain the water and that they can ask for water at any time during the day.
- We inform parents who provide food for their children about the storage facilities available in the setting.
- We give parents who provide food for their children information about suitable containers for food.
- In order to protect children with food allergies, we discourage children from sharing and swapping their food with one another.
- For young children who drink milk, we provide whole pasteurised milk.

Packed lunches

We are not in a position to provide a cooked meal at lunch time and therefore require parents to provide a packed lunch. Our policy is to:

- Advise that perishable contents of packed lunches contain an ice pack to keep food cool;
- inform parents of our policy on healthy eating;
- inform parents of whether we have facilities to microwave cooked food brought from home;

- encourage parents to provide sandwiches with a healthy filling, fruit, and milk based deserts, such as yoghurt or crème fraîche, where we can only provide cold food from home. We discourage sweet drinks and can provide children with water or diluted fresh fruit juice;
- discourage packed lunch contents that consist largely of crisps, processed foods, sweet drinks and sweet products such as cakes or biscuits. We reserve the right to return this food to the parent as a last resort;
- ensure that staff sit with children to eat their lunch so that the mealtime is a social occasion.
- Inform parents if the child has had difficulties with their snack that day.

Covid-19 considerations

Where food is provided, in circumstances where there is shortage of food supplies, it may be necessary to ask parents to supply a packed lunch. The following procedures must be followed:

- Babies and toddlers’ hands are washed prior to being given food or drink.
- Staff who are eating with the children must role-model hygiene best practice.
- Tables are never overcrowded during mealtimes. Some social distancing is encouraged even though it is acknowledged that children will play in close proximity for the rest of the session.

Legal framework

- Regulation (EC) 852/2004 of the European Parliament and of the Council on the Hygiene of Foodstuffs.

No-smoking

Policy statement

We comply with health and safety regulations and the Safeguarding and Welfare Requirements of the Early Years Foundation Stage in making our setting a no-smoking environment - both indoors and outdoors.

Procedures

- All staff, parents and volunteers are made aware of our No-smoking Policy.
- No-smoking signs are displayed prominently.
- The No-smoking Policy is stated in information for parents and staff.
- Staff who smoke do not do so during working hours, unless on a scheduled break and off the premises.
- Staff who smoke during working hours and travelling to and from work must not do so whilst wearing a setting uniform, or must at least cover the uniform.
- E-cigarettes are not permitted to be used on the premises.
- Staff who smoke or use e-cigarettes during their scheduled breaks go well away from the premises.
- Staff who smoke during their break make every effort to reduce the effects of odour and passive smoking for children and colleagues
- Smoking is not permitted in any vehicles belonging to the setting.
- Staff are made aware that failure to adhere to this policy and procedures may result in disciplinary action.
- It is a criminal offence for employees to smoke in smoke-free areas, with a fixed penalty of £50 or prosecution and a fine of up to £200.

Legal framework

- The Smoke-free (Premises and Enforcement) Regulations (2006)
- The Smoke-free (Signs) Regulations (2012)

Valuing diversity and promoting inclusion and equality

Policy statement

We are committed to ensuring that our service is fully inclusive in meeting the needs of all children.

We recognise that children and their families come from a wide range of backgrounds with individual needs, beliefs and values. They may grow up in family structures that include one or two parents of the same or different sex. Children may have close links or live with extended families of grandparents, aunts, uncles and cousins; while other children may be more removed from close kin, or may live with other relatives or foster carers. Some children come from families who experience social exclusion, severe hardship; discrimination and prejudice because of their ethnicity, disability and/or ability, the languages they speak, their religious or personal beliefs, their sexual orientation and marital status. Some individuals face discrimination linked to their gender and some women are discriminated against because of their pregnancy and maternity status. We understand that all these factors can affect the well-being of children within these families and may adversely impact on children's learning, attainment and life outcomes.

We are committed to anti-discriminatory practice to promote equality of opportunity and valuing diversity for all children and families using our setting. We aim to:

- promote equality and value diversity within our service and foster good relations with the local community;
- actively include all families and value the positive contribution they make to our service;
- promote a positive non-stereotyping environment that promotes dignity, respect and understanding of difference in all forms;
- provide a secure and accessible environment in which every child feels safe and equally included;
- improve our knowledge and understanding of issues relating to anti-discriminatory practice,
- challenge and eliminate discriminatory actions on the basis of a protected characteristic as defined by the Equality Act (2010) namely:
 - age;
 - gender;
 - gender reassignment;

- marital status;
 - pregnancy and maternity;
 - race;
 - disability;
 - sexual orientation; and
 - religion or belief.
- where possible, take positive action to benefit groups or individuals with protected characteristics who are disadvantaged, have a disproportional representation within the service or need different things from the service.

Procedures

Admissions

Our setting is open and accessible to all members of the community.

- We base our Admissions Policy on a fair system.
- We do not discriminate against a child or their family in our service provision, including preventing their entry to our setting based on a protected characteristic as defined by the Equality Act (2010).
- We advertise our service widely.
- We provide information in clear, concise language, whether in spoken or written form and provide information in other languages (where ever possible).
- We reflect the diversity of our community and wider society in our publicity and promotional materials.
- We provide information on our offer of provision for children with special educational needs and disabilities.
- We ensure that all parents are made aware of our valuing diversity and promoting inclusion and equality policy.
- We make reasonable adjustments to ensure that disabled children can participate successfully in the services and in the curriculum offered by the setting.
- We ensure, wherever possible, that we have a balanced intake of boys and girls in the setting.
- We take action against any discriminatory, prejudice, harassing or victimising behaviour by our staff, volunteers or parents whether by:
 - direct discrimination – someone is treated less favourably because of a protected characteristic e.g. preventing families of a specific ethnic group from using the service;

- indirect discrimination – someone is affected unfavourably by a general policy e.g. children must only speak English in the setting;
- discrimination arising from a disability – someone is treated less favourably because of something connected with their disability e.g. a child with a visual impairment is excluded from an activity;
- association – discriminating against someone who is associated with a person with a protected characteristic e.g. behaving unfavourably to someone who is married to a person from a different cultural background; or
- perception – discrimination on the basis that it is thought someone has a protected characteristic e.g. making assumptions about someone's sexual orientation.
- We will not tolerate behaviour from an adult who demonstrates dislike or prejudice towards individuals who are perceived to be from another country (xenophobia).
- Displaying of openly discriminatory, xenophobic and possibly offensive or threatening materials, name calling, or threatening behaviour are unacceptable on, or around, our premises and will be dealt with immediately and discreetly by asking the adult to stop using the unacceptable behaviour and inviting them to read and to act in accordance with the relevant policy statement and procedure. Failure to comply may lead to the adult being excluded from the premises.

Employment

- We advertise posts and all applicants are judged against explicit and fair criteria.
- Applicants are welcome from all backgrounds and posts are open to all.
- We may use the exemption clauses in relevant legislation to enable the service to best meet the needs of the community.
- The applicant who best meets the criteria is offered the post, subject to references and suitability checks. This ensures fairness in the selection process.
- All our job descriptions include a commitment to promoting equality, and recognising and respecting diversity as part of their specifications.
- We monitor our application process to ensure that it is fair and accessible.

Training

- We seek out training opportunities for our staff and volunteers to enable them to develop anti-discriminatory and inclusive practices.
- We ensure that our staff are confident and fully trained in administering relevant medicines and performing invasive care procedures on children when these are required.

- We review our practices to ensure that we are fully implementing our policy for Valuing Diversity and Promoting Equality.

Curriculum

The curriculum offered in our setting encourages children to develop positive attitudes about themselves as well as about people who are different from themselves. It encourages development of confidence and self-esteem, empathy, critical thinking and reflection.

We ensure that our practice is fully inclusive by:

- creating an environment of mutual respect and tolerance;
- modelling desirable behaviour to children and helping children to understand that discriminatory behaviour and remarks are hurtful and unacceptable;
- positively reflecting the widest possible range of communities within resources;
- avoiding use of stereotypes or derogatory images within our books or any other visual materials;
- celebrating locally observed festivals and holy days;
- ensuring that children learning English as an additional language have full access to the curriculum and are supported in their learning;
- ensuring that disabled children with and without special educational needs are fully supported;
- ensuring that children speaking languages other than English are supported in the maintenance and development of their home languages

We will ensure that our environment is as accessible as possible for all visitors and service users. We do this by:

- undertaking an access audit to establish if the setting is accessible to all disabled children and adults. If access to the setting is found to treat disabled children or adults less favourably, then we make reasonable adjustments to accommodate the needs of disabled children and adults.
- fully differentiating the environment, resources and curriculum to accommodate a wide range of learning, physical and sensory needs.

Valuing diversity in families

- We welcome the diversity of family lifestyles and work with all families.
- We encourage children to contribute stories of their everyday life to the setting.
- We encourage mothers, fathers and other carers to take part in the life of the setting and to contribute fully.
- For families who speak languages in addition to English, we will develop means to encourage their full inclusion.
- We offer a flexible payment system for families experiencing financial difficulties and offer information regarding sources of financial support.
- We take positive action to encourage disadvantaged and under-represented groups to use the setting.

Food

- We work in partnership with parents to ensure that dietary requirements of children that arise from their medical, religious or cultural needs are met where ever possible.
- We help children to learn about a range of food, and of cultural approaches to mealtimes and eating, and to respect the differences among them.

Meetings

- Meetings are arranged to ensure that all families who wish to may be involved in the running of the setting.
- We positively encourage fathers to be involved in the setting, especially those fathers who do not live with the child.
- Information about meetings is communicated in a variety of ways - written, verbal and where resources allow in translation – to ensure that all mothers and fathers have information about, and access to, the meetings.

Monitoring and reviewing

- So that our policies and procedures remain effective, we monitor and review them annually to ensure our strategies meet our overall aims to promote equality, inclusion and to value diversity.
- We provide a complaints procedure and a complaints summary record for parents to see.

Public Sector Equality Duty

- We have regard to the Duty to eliminate discrimination, promote equality of opportunity, foster good relations between people who share a protected characteristic and those who do not.

Legal framework

The Equality Act (2010)

Children Act (1989) & (2004)

Missing child

Policy statement

Children's safety is our highest priority, both on and off the premises. Every attempt is made, through the implementation of our outings procedure and our exit/entrance procedure, to ensure the security of children is maintained at all times. In the unlikely event of a child going missing, our missing child procedure is followed.

Procedures

Child going missing on the premises

- As soon as it is noticed that a child is missing, the child's key person/the relevant member of staff alerts our setting manager.
- The register is checked to make sure no other child has also gone astray.
- Our manager will carry out a thorough search of the building and garden.
- Doors and gates are checked to see if there has been a breach of security whereby a child could wander out.
- If the child is not found, our manager calls the police immediately and reports the child as missing. If it is suspected that the child may have been abducted, the police are informed of this.
- The parent(s) are then called and informed.
- A recent photo and a note of what the child is wearing is given to the police.
- Our manager talks to our staff to find out when and where the child was last seen and records this.
- Our manager contacts our chair and reports the incident. Our chair comes to the provision immediately to carry out an investigation, with our management team where appropriate.

Child going missing on an outing

This describes what to do when our staff have taken a small group on an outing, leaving our manager and/or other staff back in our setting premises. If our manager has accompanied children on the outing, the procedures are adjusted accordingly. What to do when a child goes missing from a whole group outing may be a little different, as parents usually attend and are responsible for their own child.

- As soon as it is noticed that a child is missing, the staff members on the outing ask children to stand with their designated carer and carry out a headcount to ensure that no other child has gone astray.
- One staff member searches the immediate vicinity, but does not search beyond that.
- Our senior staff member on the outing contacts the police and reports that child as missing.
- Our manager is contacted immediately (if not on the outing) and the incident is recorded.
- Our manager contacts the parent(s).
- Our staff take the remaining children back to the setting as soon as possible.
- According to the advice of the police, a senior member of staff, or our manager where applicable, should remain at the site where the child went missing and wait for the police to arrive.
- A recent photo and a description of what the child is wearing is given to the police.
- Our manager contacts our chair and reports the incident. Our chair comes to our premises immediately to carry out an investigation, with our management team where appropriate.
- Our staff keep calm and do not let the other children become anxious or worried.

The investigation

- Ofsted are informed as soon as possible and kept up-to-date with the investigation.
- Our chair carries out a full investigation, taking written statements from all our staff and volunteers who were present.
- Our manager, together with a representative of our management team speaks with the parent(s) and explains the process of the investigation.
- The parent(s) may also raise a complaint with us or Ofsted.
- Each member of staff present writes an incident report detailing:
 - The date and time of the incident.
 - Where the child went missing from e.g. the setting or an outing venue.
 - Which staff/children were in the premises/on the outing and the name of the staff member who was designated as responsible for the missing child.
 - When the child was last seen in the premises/or on the outing, including the time it is estimated that the child went missing.
 - What has taken place in the premises or on the outing since the child went missing.
 - The report is counter-signed by the senior member of staff and the date and time added.
- A conclusion is drawn as to how the breach of security happened.

- If the incident warrants a police investigation, all our staff co-operate fully. In this case, the police will handle all aspects of the investigation, including interviewing staff and parents. Children's social care may be involved if it seems likely that there is a child protection issue to address.
- In the event of disciplinary action needing to be taken, Ofsted are advised.
- The insurance provider is informed.

Managing people

- Missing child incidents are very worrying for all concerned. Part of managing the incident is to try to keep everyone as calm as possible.
- Our staff will feel worried about the child, especially the key person or the designated carer responsible for the safety of that child for the outing. They may blame themselves and their feelings of anxiety and distress will rise as the length of time the child is missing increases.
- They may be the understandable target of parental anger and they may be afraid. Our manager ensures that any staff under investigation are not only fairly treated, but receive support while feeling vulnerable.
- The parents will feel angry, and fraught. They may want to blame our staff and may single out one staff member over others; they may direct their anger at our manager. When dealing with a distraught and angry parent, there should always be two members of staff one of whom is our manager and the other should be our chair or another representative of the management committee. No matter how understandable the parent's anger may be, aggression or threats against our staff are not tolerated, and the police should be called.
- The other children are also sensitive to what is going on around them. They too may be worried. Our remaining staff caring for them need to be focused on their needs and must not discuss the incident in front of them. They should answer children's questions honestly, but also reassure them.
- In accordance with the severity of the final outcome, our staff may need counselling and support. If a child is not found, or is injured, or worse, this will be a very difficult time. Our [chair, director or owner] will use their discretion to decide what action to take.
- Our staff must not discuss any missing child incident with the press without taking advice.

Administering medicines

Policy statement

While it is not our policy to care for sick children, who should be at home until they are well enough to return to the setting, we will agree to administer medication as part of maintaining their health and well-being or when they are recovering from an illness. We ensure that where medicines are necessary to maintain health of the child, they are given correctly and in accordance with legal requirements.

In many cases, it is possible for children's GPs to prescribe medicine that can be taken at home in the morning and evening. As far as possible, administering medicines will only be done where it would be detrimental to the child's health if not given in the setting. If a child has not had a medication before, especially a baby/child under two, it is advised that the parent keeps the child at home for the first 48 hours to ensure there are no adverse effects, as well as to give time for the medication to take effect.

Our staff are responsible for the correct administration of medication to children for whom they are the key person. This includes ensuring that parent consent forms have been completed, that medicines are stored correctly and that records are kept according to procedures. In the absence of the key person, the manager is responsible for the overseeing of administering medication. We notify our insurance provider of all required conditions, as laid out in our insurance policy

Procedures

- Children taking prescribed medication must be well enough to attend the setting.
- We only usually administer medication when it has been prescribed for a child by a doctor (or other medically qualified person). It must be in-date and prescribed for the current condition.
- Non-prescription medication, such as pain or fever relief (e.g. Calpol) and teething gel, may be administered, but only with prior written consent of the parent and only when there is a health reason to do so, such as a high temperature. Children under the age of 16 years are never given medicines containing aspirin unless prescribed specifically for that child by a doctor. The administering of un-prescribed medication is recorded in the same way as any other medication.
- Children's prescribed medicines are stored in their original containers, are clearly labelled and are inaccessible to the children. On receiving the medication, the member of staff checks that it is in date and prescribed specifically for the current condition.

- Parents must give prior written permission for the administration of medication. The staff member receiving the medication will ask the parent to sign a consent form stating the following information. No medication may be given without these details being provided:
 - the full name of child and date of birth;
 - the name of medication and strength;
 - who prescribed it;
 - the dosage and times to be given in the setting;
 - the method of administration;
 - how the medication should be stored and its expiry date;
 - any possible side effects that may be expected; and
 - the signature of the parent, their printed name and the date.
- The administration of medicine is recorded accurately in our medication record book each time it is given and is signed by the person administering the medication. Parents are shown the record at the end of the day and asked to sign the record book to acknowledge the administration of the medicine. The medication record book records the:
 - name of the child;
 - name and strength of the medication;
 - name of the doctor that prescribed it;
 - date and time of the dose;
 - dose given and method;
 - signature of the person administering the medication and a witness; and
 - parent's signature.
- We use the Pre-school Learning Alliance Medication Administration Record book for recording the administration of medicine and comply with the detailed procedures set out in that publication.
- If the administration of prescribed medication requires medical knowledge, we obtain individual training by a health professional.
- If rectal diazepam is given, another member of staff must be present and co-signs the record book.
- No child may self-administer. Where children are capable of understanding when they need medication, for example with asthma, they should be encouraged to tell their key person what they need. However, this does not replace staff vigilance in knowing and responding when a child requires medication.

- We monitor the medication record book is monitored to look at the frequency of medication given in the setting. For example, a high incidence of antibiotics being prescribed for a number of children at similar times may indicate a need for better infection control.

Storage of medicines

- All medication is stored safely in a locked cupboard or refrigerated as required. Where the cupboard or refrigerator is not used solely for storing medicines, they are kept in a marked plastic box.
- The child's key person is responsible for ensuring medicine is handed back at the end of the day to the parent.
- For some conditions, medication may be kept in the setting to be administered on a regular or as-and-when- required basis. Key persons check that any medication held in the setting, is in date and return any out-of-date medication back to the parent.

Prescribed medicines are kept in the kitchen during working hours and in the unlikely event that they are kept on the premises would be in a locked filing cabinet alongside the first aid box. All staff would be made aware of this.

Children who have long term medical conditions and who may require ongoing medication

- We carry out a risk assessment for each child with a long term medical condition that requires on-going medication. This is the responsibility of our manager alongside the key person. Other medical or social care personnel may need to be involved in the risk assessment.
- Parents will also contribute to a risk assessment. They should be shown around the setting, understand the routines and activities and point out anything which they think may be a risk factor for their child.
- For some medical conditions, key staff will need to have training in a basic understanding of the condition, as well as how the medication is to be administered correctly. The training needs for staff form part of the risk assessment.
- The risk assessment includes vigorous activities and any other activity that may give cause for concern regarding an individual child's health needs.
- The risk assessment includes arrangements for taking medicines on outings and advice is sought from the child's GP if necessary where there are concerns.
- An individual health plan for the child is drawn up with the parent; outlining the key person's role and what information must be shared with other adults who care for the child.
- The individual health plan should include the measures to be taken in an emergency.

- We review the individual health plan every six months, or more frequently if necessary. This includes reviewing the medication, e.g. changes to the medication or the dosage, any side effects noted etc.
- Parents receive a copy of the individual health plan and each contributor, including the parent, signs it.

Managing medicines on trips and outings

- If children are going on outings, the key person for the child will accompany the children with a risk assessment, or another member of staff who is fully informed about the child's needs and/or medication.
- Medication for a child is taken in a sealed plastic box clearly labelled with the child's name and the name of the medication. Inside the box is a copy of the consent form and a card to record when it has been given, including all the details that need to be recorded in the medication record as stated above.
- On returning to the setting the card is stapled to the medicine record book and the parent signs it.
- If a child on medication has to be taken to hospital, the child's medication is taken in a sealed plastic box clearly labelled with the child's name and the name of the medication. Inside the box is a copy of the consent form signed by the parent.
- This procedure should be read alongside the outings procedure.

Managing children who are sick, infectious, or with allergies

Policy statement

We aim to provide care for healthy children through preventing cross infection of viruses and bacterial infections and promote health through identifying allergies and preventing contact with the allergenic trigger.

Procedures for children who are sick or infectious

- If children appear unwell during the day – for example, if they have a temperature, sickness, diarrhoea or pains, particularly in the head or stomach – our manager or deputy will call the parents and ask them to collect the child, or to send a known carer to collect the child on their behalf.
- If a child has a temperature, they are kept cool, by removing top clothing and sponging their heads with cool water, but kept away from draughts.
- The child's temperature is taken using a forehead thermometer strip, kept in the first aid box.
- If the child's temperature does not go down and is worryingly high, then we may give them Calpol or another similar analgesic, after first obtaining verbal consent from the parent where possible. This is to reduce the risk of febrile convulsions, particularly for babies. Parents sign the medication record when they collect their child.
- In extreme cases of emergency, an ambulance is called and the parent informed.
- Parents are asked to take their child to the doctor before returning them to the setting; we can refuse admittance to children who have a temperature, sickness and diarrhoea or a contagious infection or disease.
- Where children have been prescribed antibiotics for an infectious illness or complaint, we ask parents to keep them at home for 48 hours before returning to the setting.
- After diarrhoea, we ask parents keep children home for 48 hours following the last episode.
- Some activities, such as sand and water play, and self-serve snacks where there is a risk of cross-contamination may be suspended for the duration of any outbreak.
- We have a list of excludable diseases and current exclusion times. The full list is obtainable from www.gov.uk/government/publications/health-protection-in-schools-and-other-childcare-facilities and includes common childhood illnesses such as measles.

Reporting of 'notifiable diseases'

- If a child or adult is diagnosed as suffering from a notifiable disease under the Health Protection (Notification) Regulations 2010, the GP will report this to Public Health England.
- When we become aware, or are formally informed of the notifiable disease, our manager informs Ofsted and contacts Public Health England, and acts on any advice given.

Update June 2020- Coronavirus

During the COVID-19 outbreak, any child showing symptoms, such as a high temperature; a new, continuous cough; loss of taste or smell, the following sequence of actions need to be taken:

1. Child presents with symptoms; they are isolated with the facilitator; parents are requested to collect child and seek diagnosis from GP or take further advice from NHS 111.
2. Child's parents are requested to inform setting of outcome/diagnosis and keep child at home for the recommended exclusion period. For cases of suspected Coronavirus, staff and service users must adhere to current Government advice regarding self-exclusion even if no symptoms are present.
3. For confirmed cases of a notifiable disease and Coronavirus the setting must contact their local Health Protection Team (HPT) as soon as possible for further guidance. The line manager will inform the owner/trustees/directors and retain a confidential record.
4. Acting on the advice of the local HPT, the setting will either:
 - close for a set period and undertake a deep clean
 - carry on as usual but also undertake a deep clean
5. If a notifiable disease is confirmed, staff must inform the line manager immediately and Ofsted must be informed within 14 days. Cases of confirmed Coronavirus should be treated as a notifiable disease.
6. A deep clean is undertaken at the soonest opportunity following any illness outbreak. Hand hygiene messages are reinforced and staff are vigilant to any further signs of infection.
7. The manager continues to liaise with the HPT as required and keeps a full record of children affected, how long they are away from the setting and the date on which they return.

HIV/AIDS/Hepatitis procedure

HIV virus, like other viruses such as Hepatitis A, B and C, are spread through body fluids. Hygiene precautions for dealing with body fluids are the same for all children and adults. We:

- Wear single-use vinyl gloves and aprons when changing children's nappies, pants and clothing that are soiled with blood, urine, faeces or vomit.
- Bag soiled clothing for parents to take home for cleaning.

- Clear spills of blood, urine, faeces or vomit using mild disinfectant solution and mops; any cloths used are disposed of with the clinical waste.
- Clean any tables and other furniture, furnishings or toys affected by blood, urine, faeces or vomit using a disinfectant.
- Ensure that children do not share tooth brushes, which are also soaked weekly in sterilising solution.

Nits and head lice

- Nits and head lice are not an excludable condition; although in exceptional cases we may ask a parent to keep the child away until the infestation has cleared.
- On identifying cases of head lice, we inform all parents ask them to treat their child and all the family if they are found to have head lice.

Procedures for children with allergies

- When children start at the setting we ask their parents if their child suffers from any known allergies. This is recorded on the Registration Form.
- If a child has an allergy, we complete a risk assessment form to detail the following:
 - The allergen (i.e. the substance, material or living creature the child is allergic to such as nuts, eggs, bee stings, cats etc).
 - The nature of the allergic reactions (e.g. anaphylactic shock reaction, including rash, reddening of skin, swelling, breathing problems etc).
 - What to do in case of allergic reactions, any medication used and how it is to be used (e.g. EpiPen).
 - Control measures - such as how the child can be prevented from contact with the allergen.
 - Review measures.
- This risk assessment form is kept in the child's personal file and a copy is displayed where our staff can see it.
- Generally, no nuts or nut products are used within the setting.
- Parents are made aware so that no nut or nut products are accidentally brought in, for example to a party.

Insurance requirements for children with allergies and disabilities

- If necessary, our insurance will include children with any disability or allergy, but certain procedures must be strictly adhered to as set out below. For children suffering life threatening conditions, or requiring invasive treatments; written confirmation from our insurance provider must be obtained to extend the insurance.

- At all times we ensure that the administration of medication is compliant with the Safeguarding and Welfare Requirements of the Early Years Foundation Stage.
- Oral medication:
 - Asthma inhalers are now regarded as 'oral medication' by insurers and so documents do not need to be forwarded to our insurance provider. Oral medications must be prescribed by a GP or have manufacturer's instructions clearly written on them.
 - We must be provided with clear written instructions on how to administer such medication.
 - We adhere to all risk assessment procedures for the correct storage and administration of the medication.
 - We must have the parents or guardians prior written consent. This consent must be kept on file. It is not necessary to forward copy documents to our insurance provider.
- Life-saving medication and invasive treatments:

These include adrenaline injections (Epipens) for anaphylactic shock reactions (caused by allergies to nuts, eggs etc) or invasive treatments such as rectal administration of Diazepam (for epilepsy).

 - We must have:
 - a letter from the child's GP/consultant stating the child's condition and what medication if any is to be administered;
 - written consent from the parent or guardian allowing our staff to administer medication; and
 - proof of training in the administration of such medication by the child's GP, a district nurse, children's nurse specialist or a community paediatric nurse.
 - Copies of all three documents relating to these children must first be sent to our Insurance provider. Written confirmation that the insurance has been extended will be issued by return.
- Key person for special needs children requiring assistance with tubes to help them with everyday living e.g. breathing apparatus, to take nourishment, colostomy bags etc.:
 - Prior written consent must be obtained from the child's parent or guardian to give treatment and/or medication prescribed by the child's GP.
 - The key person must have the relevant medical training/experience, which may include receiving appropriate instructions from parents or guardians.
 - Copies of all letters relating to these children must first be sent to our insurance provider for appraisal (if you have another provider, please check their procedures with them)]. Written confirmation that the insurance has been extended will be issued by return.

- If we are unsure about any aspect, we contact our insurance provider directly.

Working in partnership with other agencies

Policy statement

We work in partnership with local and national agencies to promote the well-being of all children. We will never share your data with any organisation to use for their own purposes.

Procedures

- We work in partnership, or in tandem, with local and national agencies to promote the well-being of children.
- We have procedures in place for the sharing of information about children and families with other agencies. These are set out in our Privacy Notice, Information Sharing Policy, Safeguarding Children and Child Protection Policy and the Supporting Children with Special Educational Needs Policy.
- Information shared by other agencies with us is regarded as third party information. This is also kept in confidence and not shared without consent from that agency.
- When working in partnership with staff from other agencies, we make those individuals welcome in our setting and respect their professional roles.
- We follow the protocols for working with agencies, for example on child protection.
- We ensure that staff from other agencies do not have unsupervised access to the child they are visiting in the setting and do not have access to any other child(ren) during their visit.
- Our staff do not casually share information or seek informal advice about any named child/family.
- When necessary, we consult with and signpost to local and national agencies who offer a wealth of advice and information that help us to develop our understanding of the issues facing us and who can provide support and information for parents. For example, ethnic/cultural organisations, drug/alcohol agencies, welfare rights advisors or organisations promoting childcare and education, or adult education.

Children's records

Policy statement

We have record keeping systems in place that meet legal requirements; the means we use to store and share that information takes place within the framework of the General Data Protection Regulations (GDPR) (2018) and the Human Rights Act (1998).

This policy and procedure should be read alongside our Privacy Notice, Confidentiality and Client Access to Records Policy and our Information Sharing Policy.

Procedures

If a child attends another setting, we establish a regular two-way flow of appropriate information with parents and other providers. Where appropriate, we will incorporate comments from other providers, as well as parents and/or carers into the child's records.

We keep two kinds of records on children attending our setting:

Developmental records

- These include observations of children in the setting, photographs, video clips and samples of their work and summary developmental reports.
- These are usually kept in a locked filing cabinet and can be accessed, and contributed to, by our staff, the child and the child's parents.

Personal records

These may include the following (as applicable):

- Personal details – including the child's registration form and any consent forms.

- Contractual matters – including a copy of the signed parent contract, the child’s days and times of attendance, a record of the child’s fees, any fee reminders or records of disputes about fees.
- Child’s development, health and well-being – including a summary of the child’s EYFS profile report, a record of discussions about every day matters about the child’s development health and well-being with the parent.
- Early Support – including any additional focussed intervention provided by our setting (e.g. support for behaviour, language or development that needs an SEN action plan) and records of any meetings held.
- Welfare and child protection concerns – including records of all welfare and protection concerns, and our resulting action, meetings and telephone conversations about the child, an Education, Health and Care Plan and any information regarding a Looked After Child.
- Correspondence and Reports – including a copy of the child’s 2 Year Old Progress Check (as applicable), all letters and emails to and from other agencies and any confidential reports from other agencies.
- These confidential records are stored in a lockable file or cabinet, which is always locked when not in use.
- We read any correspondence in relation to a child, note any actions and file it immediately
- We ensure that access to children’s files is restricted to those authorised to see them and make entries in them, this being our manager, deputy or designated person for child protection, the child’s key person, or other staff as authorised by our manager.
- We may be required to hand children’s personal files to Ofsted as part of an inspection or investigation process; or to local authority staff conducting a S11 audit, as long as authorisation is seen. We ensure that children’s personal files are not handed over to anyone else to look at.
- Parents have access, in accordance with our Confidentiality and Client Access to Records Policy, to the files and records of their own children, but do not have access to information about any other child.
- Our staff will not discuss personal information given by parents with other members of staff, except where it affects planning for the child's needs. Our staff induction programme includes an awareness of the importance of confidentiality in the role of the key person.
- We retain children’s records for three years after they have left the setting; except records that relate to an accident or child protection matter, which are kept until a child reaches the age of 21 years or 24 years respectively. These are kept in a secure place.

Archiving children's files

- When a child leaves our setting, we remove all paper documents from the child's personal file and place them in a robust file with the date they left and the date to be destroyed.
- If data is kept electronically it is encrypted and stored as above.
- The file is stored in a safe place (i.e. a locked cupboard) for three years. After three years it is destroyed.
- Where there were s.47 child protection investigations, we mark the envelope with a star and archive it for 25 years.
- We store financial information according to our finance procedures.

Other records

- We keep a daily record of the names of the children we are caring for, their hours of attendance and the names of their key person.
- Students on Pre-school Learning Alliance or other recognised qualifications and training, when they are observing in the setting, are advised of our Confidentiality and Client Access to Records Policy and are required to respect it.

Covid-19 considerations

During the COVID-19 outbreak there may be the need to keep additional records as part of outbreak management.

A central record of all confirmed cases of COVID-19 that affect any member of staff or service user is held. This record does not contain personal details about the individual (unless for a member of staff). Records are kept of individual cases of children/families who are self-isolating due to symptoms. In all cases the principles of data protection are maintained.

Legal framework

- General Data Protection Regulations (GDPR) (2018)
- Human Rights Act (1998)

Provider records

Policy statement

We keep records and documentation for the purpose of maintaining our business/charity. These include:

- Records pertaining to our registration.
- Landlord/lease documents and other contractual documentation pertaining to amenities, services and goods.
- Financial records pertaining to income and expenditure.
- Risk assessments.
- Employment records of our staff including their name, home address and telephone number.
- Names, addresses and telephone numbers of anyone else who is regularly in unsupervised contact with the children.

We consider our records as confidential based on the sensitivity of information, such as with employment records. These confidential records are maintained with regard to the framework of the General Data Protection Regulations (2018), further details are given in our Privacy Notice and the Human Rights Act (1998).

This policy and procedure should be read alongside our Privacy Notice, Confidentiality and Client Access to Records Policy and Information Sharing Policy.

Procedures

- All records are [the responsibility of our management team who ensure they are kept securely.
- All our records are kept in an orderly way in files and filing is kept up-to-date.
- Our financial records are kept up-to-date for audit purposes.
- We maintain health and safety records; these include risk assessments, details of checks or inspections and guidance etc.
- Our Ofsted registration certificate is displayed.
- Our Public Liability insurance certificate is displayed.
- All our employment and staff records are kept securely and confidentially.

We notify Ofsted of any:

- change in the address of our premises;
- change to our premises which may affect the space available to us or the quality of childcare we provide;
- change to the name and address of our registered provider, or the provider's contact information;
- change to the person managing [our/my] provision];
- significant event which is likely to affect our suitability to look after children; or
- other event as detailed in the *Statutory Framework for the Early Years Foundation Stage* (DfE 2017).

Legal framework

- General Data Protection Regulations (GDPR) (2018)
- Human Rights Act 1998

Transfer of records to school

Policy statement

We recognise that children sometimes move to another early years setting before they go on to school, although many will leave our setting to enter a nursery or reception class.

We prepare children for these transitions and involve parents and the receiving setting or school in this process. We prepare records about a child's development and learning in the Early Years Foundation Stage in our setting; in order to enable smooth transitions, we share appropriate information with the receiving setting or school at transfer.

Confidential records are shared where there have been child protection concerns according to the process required by our Local Safeguarding Children Board.

The procedure guides this process and determines what information [we/I] can and cannot share with a receiving school or setting. Prior to transferring information, we will establish the lawful basis for doing so (see our Privacy Notice).

Procedures

Transfer of development records for a child moving to another early years setting or school

- Using the *Early Years Outcomes* (DfE 2013) guidance and our assessment of children's development and learning, the key person will prepare a learning journey profile in the seven areas of learning and development.
- The record refers to:
 - any additional language spoken by the child and his or her progress in both languages;
 - any additional needs that have been identified or addressed by our setting;

- any special needs or disability, whether a CAF was raised in respect of special needs or disability, whether there is an Education, Health and Care Plan, and the name of the lead professional.
- The record contains a summary by the key person and a summary of the parent’s view of the child.
- The document may be accompanied by other evidence, such as photos or drawings that the child has made.
- When a child transfers to a school, most local authorities provide an assessment summary format or a transition record, which we will follow as applicable.
- If there have been any welfare or protection concerns, we place a star on the front of the assessment record.

Transfer of confidential information

- The receiving school or setting will need to have a record of any safeguarding or child protection concerns that were raised in our setting and what was done about them.
- We will make a summary of the concerns to send to the receiving setting or school, along with the date of the last professional meeting or case conference. Some Local Safeguarding Children Boards will stipulate the forms to be used and provide these for us to use.
- Where a CAF has been raised in respect of any welfare concerns, we will pass the name and contact details of the lead professional on to the receiving setting or school.
- Where there has been a s47 investigation regarding a child protection concern, we will pass the name and contact details of the child’s social worker on to the receiving setting or school – regardless of the outcome of the investigation.
- We post or take the information to the school or setting, ensuring it is addressed to the setting or school’s designated person for child protection and marked as 'confidential'.
- We do not pass any other documentation from the child's personal file to the receiving setting or school.

Legal framework

Confidentiality and client access to records

Policy statement

'Share with informed consent where appropriate and, where possible, respect the wishes of those who do not consent to share confidential information. You may still share information without consent if, in your judgement, there is good reason to do so, such as where safety may be at risk. You will need to base your judgement on the facts of the case.'

Information sharing: Advice for practitioners providing safeguarding services to children, young people, parents and carers (HMG 2015)

In our setting, staff and managers can be said to have a 'confidential relationship' with families. It is our intention to respect the privacy of children and their parents and carers, while ensuring that they access high quality early years care and education in our setting. We aim to ensure that all parents and carers can share their information in the confidence that it will only be used to enhance the welfare of their children. We have record keeping systems in place that meet legal requirements; the means that we] use to store and share that information takes place within the framework of the General Data Protection Regulations (2018) and the Human Rights Act (1998).

Confidentiality procedures

- Most things that happen between the family, the child and the setting are confidential to our setting. In exceptional circumstances information is shared, for example with other professionals or possibly social care or the police.
- Information shared with other agencies is done in line with our Information Sharing Policy.
- We always check whether parents regard the information they share with us to be confidential or not.

- Some parents may share information about themselves with other parents as well as with our staff; we cannot be held responsible if information is shared by those parents whom the person has 'confided' in.
- Information shared between parents in a discussion or training group is usually bound by a shared agreement that the information is confidential to the group and not discussed outside of it. We are not responsible should that confidentiality be breached by participants.
- We inform parents when we need to record confidential information beyond the general personal information we keep (see our Children's Records Policy and Privacy Notice) - for example with regard to any injuries, concerns or changes in relation to the child or the family, any discussions with parents on sensitive matters, any records we are obliged to keep regarding action taken in respect of child protection and any contact and correspondence with external agencies in relation to their child.
- We keep all records securely (see our Children's Records Policy and Privacy Notice).
- Information is kept in a manual file or electronically. Our staff may also use a computer to type reports, or letters. Where this is the case, the typed document is deleted from the PC and only the hard copy kept. We do not keep electronic records on children, other than the register and financial data.
- Our staff discuss children's general progress and well-being together in meetings, but more sensitive information is restricted to our manager and the child's key person, and is shared with other staff on a need to know basis.
- We do not discuss children with staff who are not involved in the child's care, nor with other parents or anyone else outside of the setting.
- Our discussions with other professionals take place within a professional framework and not on an informal or ad-hoc basis.
- Where third parties share information about an individual with us; our practitioners and managers check if it is confidential, both in terms of the party sharing the information and of the person whom the information concerns.

Client access to records procedures

Parents may request access to any confidential records we hold on their child and family following the procedure below:

- The parent is the 'subject' of the file in the case where a child is too young to give 'informed consent' and has a right to see information that our setting has compiled on them.

- Any request to see the child's personal file by a parent or person with parental responsibility must be made in writing to the setting leader or manager.
- We acknowledge the request in writing, informing the parent that an arrangement will be made for him/her to see the file contents, subject to third party consent.
- Our written acknowledgement allows 40 working days for the file to be made ready.
- A fee may be charged for repeated requests, or where a request requires excessive administration to fulfil.
- Our manager informs their line manager and legal advice may be sought before sharing a file.
- Our manager goes through the file with their line manager and ensures that all documents have been filed correctly, that entries are in date order and that there are no missing pages. They note any information, entry or correspondence or other document which mentions a third party.
- We write to each of those individuals explaining that the subject has requested sight of the file, which contains a reference to them, stating what this is.
- They are asked to reply in writing to our manager giving or refusing consent for disclosure of that material.
- We keep copies of these letters and their replies on the child's file.
- 'Third parties' include each family member noted on the file; so where there are separate entries pertaining to each parent, step parent, grandparent etc, we write to each of them to request third party consent.
- Third parties also include workers from any other agency, including children's social care and the health authority for example. Agencies will normally refuse consent to share information, preferring instead for the parent to be redirected to those agencies for a request to see their file held by that agency.
- Members of our staff should also be written to, but we reserve the right under the legislation to override a refusal for consent or to just delete the name of the staff member and not the information. We may grant refusal if the member of staff has provided information that could be considered 'sensitive' and the staff member may be in danger if that information is disclosed; or if that information is the basis of a police investigation. However, if the information is not sensitive, then it is not in our interest to withhold that information from a parent. In each case this should be discussed with members of staff and decisions recorded.
- When we have received all the consents/refusals our manager takes a photocopy of the complete file. On the copy of the file, our manager removes any information that a third party has refused consent for us to disclose and blank out any references to the third party, and any information they have added to the file, using a thick marker pen.

- The copy file is then checked by the line manager and legal advisors to verify that the file has been prepared appropriately.
- What remains is the information recorded by the setting, detailing the work initiated and followed by them in relation to confidential matters. This is called the 'clean copy'.
- We photocopy the 'clean copy' again and collate it for the parent to see.
- Our manager informs the parent that the file is now ready and invite[s] him/ her to make an appointment to view it.
- Our manager and their line manager meet with the parent to go through the file, explaining the process as well as what the content of the file records about the child and the work that has been done. Only the person(s) with parental responsibility can attend that meeting, or the parent's legal representative or interpreter.
- The parent may take a copy of the prepared file away; but, to ensure it is properly explained to and understood by the parent, we never hand it over without discussion.
- It is an offence to remove material that is controversial or to rewrite records to make them more acceptable. Our recording procedures and guidelines ensure that the material reflects an accurate and non-judgemental account of the work we have done with the family.
- If a parent feels aggrieved about any entry in the file, or the resulting outcome, then we refer the parent to our complaints procedure.
- The law requires that the information we hold must be held for a legitimate reason and must be accurate (see our Privacy Notice). If a parent says that the information we hold is inaccurate, then the parent has a right to request for it to be changed. However, this only pertains to factual inaccuracies. Where the disputed entry is a matter of opinion, professional judgement, or represents a different view of the matter than that held by the parent, we retain the right not to change that entry, but we can record the parent's view of the matter. In most cases, we would have given a parent the opportunity at the time to state their side of the matter, and it would have been recorded there and then.
- If there are any controversial aspects of the content of a child's file, we must seek legal advice. This might be where there is a court case between parents, where social care or the police may be considering legal action, or where a case has already completed and an appeal process is underway.
- We never 'under-record' for fear of the parent seeing, nor do we make 'personal notes' elsewhere.

Telephone advice regarding general queries may be made to The Information Commissioner’s Office Helpline 0303 123 1113.

All the undertakings above are subject to the paramount commitment of our setting, which is to the safety and well-being of the child. Please see also our policy on Safeguarding Children and Child Protection.

Information sharing

'Sharing information is an intrinsic part of any frontline practitioners' job when working with children and young people. The decisions about how much information to share, with whom and when, can have a profound impact on individuals' lives. It could ensure that an individual receives the right services at the right time and prevent a need from becoming more acute and difficult to meet. At the other end of the spectrum it could be the difference between life and death.'

Information Sharing: Advice for practitioners providing safeguarding services to children, young people, parents and carers (HM Government 2015)

Policy statement

We recognise that parents have a right to know that the information they share with us will be regarded as confidential, as well as to be informed about the circumstances when, and the reasons why, we are obliged to share information.

We record and share information about children and their families (data subjects) in line with the six principles of the General Data Protection Regulations (GDPR) (2018) which are further explained in our Privacy Notice that is given to parents at the point of registration. The six principles state that personal data must be:

1. Processed fairly, lawfully and in a transparent manner in relation to the data subject.
2. Collected for specified, explicit and legitimate purposes and not further processed for other purposes incompatible with those purposes.
3. Adequate, relevant and limited to what is necessary in relation to the purposes for which data is processed.
4. Accurate and where necessary, kept up to date.
5. Kept in a form that permits identification of data subjects for no longer than is necessary for the purposes for which the data is processed.

6. Processed in a way that ensures appropriate security of the persona data including protection against accidental loss, destruction or damage, using appropriate technical or organisational measures

We are obliged to share confidential information without authorisation from the person who provided it, or to whom it relates, if it is in the public interest. That is when:

- it is to prevent a crime from being committed or to intervene where one may have been, or to prevent harm to a child or adult; or
- not sharing it could be worse than the outcome of having shared it.

The responsibility for decision-making should not rely solely on an individual, but should have the back-up of the management team. The management team provide clear guidance, policy and procedures to ensure all staff and volunteers understand their information sharing responsibilities and are able to respond in a timely, appropriate way to any safeguarding concerns.

Procedures

Our procedure is based on the GDPR principles as listed above and the seven golden rules for sharing information in the Information sharing Advice for practitioners providing safeguarding services to children, young people, parents and carers. We also follow the guidance on information sharing from the Local Safeguarding Children Board.

1. Remember that the General Data Protection Regulations 2018 and human rights law are not barriers to justified information sharing as per the Children Act 1989, but provide a framework to ensure that personal information about living individuals is shared appropriately.
 - Our policy and procedures on Information Sharing provide guidance to appropriate sharing of information both within the setting, as well as with external agencies.

2. Be open and honest with the individual (and/or their family where appropriate) from the outset about why, what, how and with whom information will, or could be shared, and seek their consent, unless it is unsafe or if I have a legal obligation to do so. A Privacy Notice is given to parents at the point of registration to explain this further.

In our setting we ensure parents:

- Receive a copy of our Privacy Notice and receive information about our Information Sharing Policy when starting their child in the setting and that they sign our Registration Form to say that they understand the circumstances in which information may be shared without their consent. This will only be when it is a matter of safeguarding a child or vulnerable adult;
 - have information about our Safeguarding Children and Child Protection Policy; and
 - have information about the other circumstances when information will be shared with external agencies, for example, with regard to any special needs the child may have or transition to school.
3. Seek advice from other practitioners if you are in any doubt about sharing the information concerned, without disclosing the identity of the individual where possible.
 - Our staff discuss concerns about a child routinely in supervision and any actions are recorded in the child's file.
 - Our Safeguarding Children and Child Protection Policy sets out the duty of all members of our staff to refer concerns to our manager or deputy, as designated person, who will contact children's social care for advice where they have doubts or are unsure.
 - Our managers seek advice if they need to share information without consent to disclose.
 4. *Share with informed consent where appropriate and, where possible, respect the wishes of those who do not consent to share confidential information. You may still share information without consent if, in your judgement, there is good reason to do so, such as where safety may be at risk. You will need to base your judgement on the facts of the case. When you are sharing or requesting personal information from someone, be certain of the basis upon which you are doing so. Where you have consent, be mindful that an individual might not expect information to be shared.*

- We base decisions to share information without consent on judgements about the facts of the case and whether there is a legal obligation.
 - Our guidelines for consent are part of this procedure.
 - Our manager is conversant with this and is able to advise staff accordingly.
5. Consider safety and well-being: Base your information sharing decisions on considerations of the safety and well-being of the individual and others who may be affected by their actions.

In our setting we:

- We base decisions to share information without consent on judgements about the facts of the case and whether there is a legal obligation.
 - record concerns and discuss these with our designated person and/or designated officer from the management team for child protection matters;
 - record decisions made and the reasons why information will be shared and to whom; and
 - follow the procedures for reporting concerns and record keeping as set out in our Safeguarding Children and Child Protection Policy.
6. Necessary, proportionate, relevant, adequate, accurate, timely and secure: Ensure that the information you share is necessary for the purpose for which you are sharing it, is shared only with those individuals who need to have it, is accurate and up-to-date, is shared in a timely fashion, and is shared securely.
- Our Safeguarding Children and Child Protection Policy and Children's Records Policy set out how and where information should be recorded and what information should be shared with another agency when making a referral.
7. Keep a record of your decision and the reasons for it – whether it is to share information or not. If you decide to share, then record what you have shared, with whom and for what purpose.
- Where information is shared, we record the reasons for doing so in the child's file; where it is decided that information is not to be shared that is recorded too.

Consent

When parents choose our setting for their child, they will share information about themselves and their families. This information is regarded as confidential. Parents have a right to be informed that we will see their consent to share information in most cases, as well as the kinds of circumstances when we may not seek their consent, or may override their refusal to give consent. We inform them as follows:

- Our policies and procedures set out our responsibility regarding gaining consent to share information and when it may not be sought or overridden.
- We may cover this verbally when the child starts or include this in our prospectus.
- Parents sign our Registration Form at registration to confirm that they understand this.
- We ask parents to give written consent to share information about any additional needs their child may have, or to pass on child development summaries to the next provider/school.
- We give parents copies of the forms they sign.
- We consider the following questions when we assess the need to share:
 - Is there a legitimate purpose to us sharing the information?
 - Does the information enable the person to be identified?
 - Is the information confidential?
 - If the information is confidential, do we have consent to share?
 - Is there a statutory duty or court order requiring us to share the information?
 - If consent is refused, or there are good reasons for us not to seek consent, is there sufficient public interest for us to share information?
 - If the decision is to share, are we sharing the right information in the right way?
 - Have we properly recorded our decision?
- Consent must be freely given and *informed* - that is the person giving consent needs to understand why information will be shared, what will be shared, who will see information, the purpose of sharing it and the implications for them of sharing that information as detailed in the Privacy Notice.
- Consent may be *explicit*, verbally but preferably in writing, or *implicit*, implied if the context is such that sharing information is an intrinsic part of our service or it has been explained and agreed at the outset.
- Consent can be withdrawn at any time

- We explain our Information Sharing Policy to parents.

Separated parents

- Consent to share need only be sought from one parent. Where parents are separated, this would normally be the parent with whom the child resides. Where there is a dispute, we will consider this carefully.
- Where the child is looked after, we may also need to consult the Local Authority, as ‘corporate parent’ before information is shared.

All the undertakings above are subject to our paramount commitment, which is to the safety and well-being of the child. Please also see our Safeguarding Children and Child Protection Policy.

Privacy Notice (How we use pupil information) Updated Jan 2018

Why do we collect and use pupil information?

Willaston Pre-school collects and processes pupil information as part of our public functions under both the Data Protection Act 1998 and General Data Protection Regulation. An example of this is the early years' census return which is a statutory requirement under Section 99 of the Childcare Act 2006 and The Education (Provision of Information About Young Children) (England) Regulations 2009.

We use the personal data:

- to support pupil learning
- to monitor and report on pupil progress
- to provide appropriate pastoral care
- to assess the quality of our services
- access the funded early years educational entitlement

The categories of pupil information that we collect, hold and share include:

- Personal information (such as name, date of birth and address and other contact details)
- Characteristics (such as ethnicity, funded hours and extended hours)
- Special educational needs information

Collecting pupil information

Whilst the majority of pupil information you provide to us is mandatory, some of it is provided to us on a voluntary basis. In order to comply with the General Data Protection Regulation, we will inform you whether you are required to provide certain pupil information to us or if you have a choice in this.

Storing pupil data

We hold pupil data in line with Cheshire East requirements.

How will my information be stored?

We store information in hard copy and also on a computer harddrive which is password protected.

Who do we share pupil information with?

We routinely share pupil information with:

- our local authority
- the Department for Education (DfE)
- other providers or schools as appropriate when a child leaves

Why we share pupil information

We do not share information about our pupils with anyone without consent unless the law allows us to do so.

We share pupils' data with the Department for Education (DfE) on a statutory basis. This data sharing underpins funding and educational attainment policy and monitoring.

Data collection requirements:

To find out more about the data collection requirements placed on us by the Department for Education (for example; via the early years' census) go to <https://www.gov.uk/childcare-parenting/data-collection-for-early-years-and-childcare>

The National Pupil Database (NPD)

The NPD is owned and managed by the Department for Education and contains information about pupils in schools in England. It provides invaluable evidence on educational performance to inform independent research, as well as studies commissioned by the Department. It is held in electronic format for statistical purposes. This information is securely collected from a range of sources including schools, local authorities and awarding bodies.

We are required by law, to provide information about our pupils to the DfE as part of statutory data collections such as the school census and early years' census. Some of this information is then stored in the NPD. The law that allows this is the Education (Information About Individual Pupils) (England) Regulations 2013.

To find out more about the pupil information we share with the department, for the purpose of data collections, go to <https://www.gov.uk/education/data-collection-and-censuses-for-schools>.

To find out more about the NPD, go to <https://www.gov.uk/government/publications/national-pupil-database-user-guide-and-supporting-information>.

The department may share information about our pupils from the NPD with third parties who promote the education or well-being of children in England by:

- conducting research or analysis
- producing statistics
- providing information, advice or guidance

The Department has robust processes in place to ensure the confidentiality of our data is maintained and there are stringent controls in place regarding access and use of the data. Decisions on whether DfE releases data to third parties are subject to a strict approval process and based on a detailed assessment of:

- who is requesting the data
- the purpose for which it is required
- the level and sensitivity of data requested:
- the arrangements in place to store and handle the data

To be granted access to pupil information, organisations must comply with strict terms and conditions covering the confidentiality and handling of the data, security arrangements and retention and use of the data in compliance with the GDPR.

For more information about the department's data sharing process, please visit: <https://www.gov.uk/data-protection-how-we-collect-and-share-research-data>

For information about which organisations the department has provided pupil information, (and for which project), please visit the following website: <https://www.gov.uk/government/publications/national-pupil-database-requests-received>

To contact DfE: <https://www.gov.uk/contact-dfe>

Will this information be used to take automated decisions about me? No.

Will my data be transferred abroad and why? No.

Requesting access to your personal data

You have the right under the Data Protection Act 1998 (General Data Protection Regulation) to request a copy of your information and to know what it is used for and how it has been shared. This is called the right of subject access.

To make a request for your personal information, or be given access to your child's educational record, contact our administrator, Debbie Reyland, at wilastonpreschool@gmail.com.

You also have the right to:

- object to processing of personal data that is likely to cause, or is causing, damage or distress
- prevent processing for the purpose of direct marketing
- object to decisions being taken by automated means
- in certain circumstances, have inaccurate personal data rectified, blocked, erased or destroyed; and
- claim compensation for damages caused by a breach of the Data Protection regulations

If you have a concern about the way we are collecting or using your personal data, you should raise your concern with us in the first instance or directly to the Information Commissioner's Office at <https://ico.org.uk/concerns/>

Contact:

If you would like to discuss anything in this privacy notice, please contact Debbie Reyland, our administrator, at willastonpreschool@gmail.com

Making a complaint

Policy statement

We believe that children and parents are entitled to expect courtesy and prompt, careful attention to their needs and wishes. We welcome suggestions on how to improve our setting and will give prompt and serious attention to any concerns about the running of the setting. We anticipate that most concerns will be resolved quickly, by an informal approach with the appropriate member of staff. If this does not achieve the desired result, we have a set of procedures for dealing with concerns. We aim to bring all concerns about the running our setting to a satisfactory conclusion for all of the parties involved.

Procedures

All settings are required to keep a written record of any complaints that reach stage two and above, and their outcome. This is to be made available to parents, as well as to Ofsted inspectors on request. A full procedure is set out in the *Complaint Investigation Record (Pre-school Learning Alliance 2015)* which acts as the 'summary log' for this purpose.

Making a complaint

Stage 1

- Any parent who has a concern about an aspect of our setting's provision talks over his/her concerns with our manager first of all.
- Most complaints should be resolved amicably and informally at this stage.
- We record the issue, and how it was resolved, in the child's file.

Stage 2

- If this does not have a satisfactory outcome, or if the problem recurs, the parent moves to this stage of the procedure by putting the concerns or complaint in writing.
- For parents who are not comfortable with making written complaints, there is a template form for recording complaints in the Complaint Investigation Record; the form may be completed our manager and signed by the parent.
- Our setting stores all information relating to written complaints from parents in the child's personal file. However, if the complaint involves a detailed investigation, our manager may wish

to store all information relating to the investigation in a separate file designated for this complaint.

- When the investigation into the complaint is completed, our manager meets with the parent to discuss the outcome.
- We inform parents of the outcome of the investigation within 28 days of him/her making the complaint.
- When the complaint is resolved at this stage, we log the summative points in our Complaint Investigation Record, which is made available to Ofsted on request.

Stage 3

- If the parent is not satisfied with the outcome of the investigation, he or she requests a meeting with our manager and the chair. The parent may have a friend or partner present if they prefer and our manager should have the support of the management team.
- An agreed written record of the discussion is made, as well as any decision or action to take as a result. All of the parties present at the meeting sign the record and receive a copy of it.
- This signed record signifies that the procedure has concluded. When the complaint is resolved at this stage, we log the summative points in our Complaint Investigation Record.

Stage 4

- If at the stage three meeting the parent cannot reach agreement with us, we invite an external mediator to help to settle the complaint. This person should be acceptable to both parties, listen to both sides and offer advice. A mediator has no legal powers, but can help us to define the problem, review the action so far and suggest further ways in which it might be resolved.
- The mediator keeps all discussions confidential. S/he can hold separate meetings with our staff and the parent, if this is decided to be helpful. The mediator keeps an agreed written record of any meetings that are held and of any advice s/he gives.

Stage 5

- When the mediator has concluded her/his investigations, a final meeting between the parent and our manager and chair is held. The purpose of this meeting is to reach a decision on the action to be taken to deal with the complaint. The mediator's advice is used to reach this conclusion. The mediator is present at the meeting if all parties think this will help a decision to be reached.

- A record of this meeting, including the decision on the action to be taken, is made. Everyone present at the meeting signs the record and receives a copy of it. This signed record signifies that the procedure has concluded.

The role of the Office for Standards in Education, Children’s Services and Skills (Ofsted), the Local Safeguarding Children Board or local safeguarding partners and the Information Commissioner’s Office

- Parents may approach Ofsted directly at any stage of this complaints procedure. In addition, where there seems to be a possible breach of the setting's registration requirements, it is essential to involve Ofsted as the registering and inspection body with a duty to ensure the Safeguarding and Welfare Requirements of the Early Years Foundation Stage are adhered to.
- Parents can complain to Ofsted by telephone or in writing at:

Ofsted National Business Unit, Piccadilly Gate, Store Street, Manchester M1 2WD

Tel: 0300 123 1231
- These details are displayed on our setting's notice board.
- If a child appears to be at risk, we follow the procedures of the Local Safeguarding Children Board or local safeguarding partners.
- In these cases, both the parent and our setting are informed and our manager work with Ofsted or the Local Safeguarding Children Board or local safeguarding partners to ensure a proper investigation of the complaint, followed by appropriate action.
- The Information Commissioner’s Office (ICO) can be contacted if you have made a complaint about the way your data is being handled and remain dissatisfied after raising your concern with us. For further information about how we handle your data, please refer to the Privacy Notice given to you when you registered your child at our setting. The ICO can be contacted at Information Commissioner’s Office, Wycliffe House, Water Lane, Wilmslow, Cheshire, SK9 5AF or ico.org.uk

Records

- A record of complaints in relation to our setting, or the children or the adults working in our setting, is kept for at least three years; including the date, the circumstances of the complaint and how the complaint was managed.

- The outcome of all complaints is recorded in our Complaint Investigation Record, which is available for parents and Ofsted inspectors to view on request.

Student placements – suspended during Covid-19 pandemic

Policy statement

We recognise that qualifications and training make an important contribution to the quality of the care and education we provide. As part of our commitment to quality, we offer placements to students undertaking early years qualifications and training. We also offer placements for school pupils on work experience.

We aim to provide for students on placement with us, experiences that contribute to the successful completion of their studies and that provide examples of quality practice in early years care and education.

Procedures

- We require students on qualification courses to meet the Suitable Person requirements of the Early Years Foundation Stage and have a satisfactory enhanced DBS check with barred list check(s).
- We require students in our setting to have a sufficient understanding and use of English to contribute to the well-being of children in our care.
- We require schools, colleges or universities placing students under the age of 17 years with us to vouch for their good character.
- We supervise students under the age of 17 years at all times and do not allow them to have unsupervised access to children.
- Students undertaking qualification courses who are placed in our setting on a short term basis are not counted in our staffing ratios.
- Student and apprentices over the age of 17 who are undertaking a level 3 qualification may be considered to be counted in the ratios if our manager deems them to be suitably qualified and experienced.
- We take out employers' liability insurance and public liability insurance, which covers both students and voluntary helpers.
- We require students to keep to our Confidentiality and Client Access to Records Policy.

- We co-operate with students' tutors in order to help students to fulfil the requirements of their course of study.
- We provide students, at the first session of their placement, with a short induction on how our setting is managed, how our sessions are organised and our policies and procedures.
- We communicate a positive message to students about the value of qualifications and training.
- We make the needs of the children paramount by not admitting students in numbers that hinder the essential work of the setting.
- We ensure that trainees and students placed with us are engaged in bona fide early years training, which provides the necessary background understanding of children's development and activities.

Supervision of children on outings and visits

Policy statement

Children benefit from being taken outside of the premises on visits or trips to local parks, or other suitable venues, for activities which enhance their learning experiences. We ensure that there are procedures to keep children safe on outings; all staff and volunteers are aware of and follow the procedures as laid out below.

Procedures

- All off site activity has a clearly identified educational purpose with specific learning and development outcomes.
- There is a designated lead for each excursion who is clear about their responsibility as designated lead.
- We ask parents to sign a general consent on registration for their children to be taken out on local short outings as a part of the daily activities of the setting. This general consent details the venues used for daily activities.
- We assess the risks for each local venue used for daily activities, which is reviewed regularly.
- We always ask parents to sign specific consent forms before major outings; and the risks are assessed before the outing takes place.
- Children with allergies or other specific needs have a separate risk assessment completed i.e. child with allergies visiting a supermarket.
- An excursion will not go ahead if concerns are raised about its viability at any point.
- Any written outing risk assessments are made available for parents to see.
- Our adult to child ratio is high, normally one adult to two children, depending on their age, sensibility and the type of venue, as well as how it is to be reached.
- A minimum of two staff accompany children on outings. Unless the whole setting is on an outing, a minimum of two staff also remain behind with the rest of the children.
- Named children are assigned to individual staff member to ensure that each child is well supervised, that no child goes astray and that there is no unauthorised access to children.

- Staff frequently count their designated children and ensure hands are held when on the street and crossing the road.
- Parents who accompany us on outings are responsible for their own child only. Where parents have undergone vetting with us as volunteers, they may be included in the adults to child ratio and have children allocated to them.
- Outings are recorded in a separate register kept in the setting, stating:
 - The date and time of the outing.
 - The venue and mode of transport used.
 - The names of the staff members assigned to each of the children.
 - The time of return.
- We take a mobile phone on outings, as well as supplies of tissues, wipes, spare clothing and nappies, medicines required for individual children, a mini first aid kit, snacks and water as required. The amount of equipment will vary and be consistent with the venue and the number of children, as well as how long they will be out for. We apply sun cream to children as needed and ensure they are dressed appropriately for the type of outing and weather conditions.
- We take a list of children with us with contact numbers of parents/carers, as well as an accident book and a copy of our Missing Child Policy.
- We provide children with badges to wear that contain the name and setting telephone number – but not the name of the child.
- Records are kept of the vehicles used to transport children, with named drivers and appropriate insurance cover.
- We ensure that seat belts are worn whilst travelling in vehicles.
- We ensure that contracted drivers are from reputable companies, do not have unsupervised access to the children and are not included in the ratios.

Covid-19 considerations

The Department for Education guidance states that: *‘Settings should maximise use of private outdoor space, while keeping small groups of children and staff away from other groups.*

“Childminders and early years providers may take small groups of children to outdoor public spaces, for example parks, provided that a risk assessment demonstrates that they can stay 2m away from other people at all times.

“This should be restricted to small groups and should be done in line with wider government guidelines on the number of people who can meet in outdoor public places. Providers should not take larger groups of children to public outdoor spaces at one time.”

Covid-19 Controlling infection

The system of controls provides a set of principles and if settings follow this advice, they will effectively minimise risks. All elements of the system of controls are essential. All settings must cover them all, but the way different settings implement some of the requirements will differ based on their individual circumstances. Where something is essential for public health reasons, as advised by PHE, we have said 'must'. Where there is a legal requirement we have made that clear.

System of controls

This is the set of actions early years settings must take. They are outlined in more detail below.

Prevention:

1) minimise contact with individuals who are unwell by ensuring that those who have coronavirus (COVID-19) symptoms, or who have someone in their household who does, do not attend settings

2) clean hands thoroughly more often than usual

3) ensure good respiratory hygiene by promoting the 'catch it, bin it, kill it' approach

4) introduce enhanced cleaning, including cleaning frequently touched surfaces often using standard products, such as detergents and bleach

5) minimise contact between groups where possible

6) where necessary, wear appropriate personal protective equipment (PPE)

Numbers 1 to 4 must be in place in all settings, all the time.

Number 5 must be properly considered and settings must put in place measures that suit their particular circumstances.

Number 6 applies in all specific circumstances.

Response to any infection:

7) engage with the NHS Track and Trace process

8) manage confirmed cases of coronavirus (COVID-19) amongst the setting community

9) contain any outbreak by following local health protection team advice

Numbers 7 to 9 must be followed in every case where they are relevant.

Local outbreak of COVID-19

In the event of a local outbreak of coronavirus (COVID-19), the government will take action to control the spread of the virus. As has occurred in Leicester, people in the affected area may be asked to stay at home as much as they can and not travel unless essential. Any providers who are affected by a local outbreak will receive specific guidance for their area.
